LAPD Police Commissioners, Chief McDonnell and the entire LAPD and public,

WHO is the legal counsel that is preventing or advising Chief McDonnell not to enforce the law? Thank you, Jamie from the California Post for calling attention to this ongoing situation that has frustrated so many of us for so long. Where has the LA media been all this time? We should have Police Commission meetings that are free of intimidation, violence, and disruptions. Those who disrupt must know that there are consequences for such intentional disruptions and that arrests for 403 PC Disturbing a Meeting will be enforced. Being escorted from the meeting room is not a sufficient consequence for repeat offenders that are intent in intimidating those who attend to exercise their right of free speech and to redress grievances. The nation and world are watching how this issue of free speech/ constitutional rights are being guaranteed and protected by our police and local government, or are being usurped by the mob. We, the people, are watching!

Respectfully,
Voices For LAPD
