LOS ANGELES POLICE DEPARTMENT
Shooting Proficiency Standards For
Required Live-Fire Shooting Exercises
(For Issuance of CCW Licenses)

• The target shall be the NRA 24" x 45" full-size silhouette B-27.

• Sixteen rounds total shall be fired for each handgun the applicant will be licensed to carry.

• The firing distances shall be 3, 5, 7, and 10 yards.

• The course of fire shall be 4 rounds total at each distance in two 2-round timed volleys. For semi-automatic handguns, load no more than four rounds into a magazine for each distance. For revolvers, load no more than four properly indexed rounds at each distance.

• The time limit, beginning from a 45-degree "low ready" position, shall be 5 seconds for each 2-round volley at 3, 5, and 7 yards and 10 seconds for each 2-round volley at 10 yards.

• For a passing score all 16 rounds must land anywhere within the outline of the full-size silhouette target and within the allotted time limits. No rounds may land outside the outline of the full-size silhouette target. Line breakers favor the applicant. Training providers may allow no more than two requalifications at their discretion.

• Each firearm shall have a properly fitting **on-body or off-body concealment holster** which shall be inspected by the Certified Range Instructor (CRI). Drawing from the holster during the live-fire shooting exercises shall not be required. The applicant shall be required to safely load, unload, and reload their handgun(s) during the live-fire shooting exercises.
