For these types of cases, a geographic Area supervisor shall seek advice and approval from Juvenile Division prior to transferring investigative responsibility from their respective divisions.
- Hospitalization for failure to thrive, severe neglect, or failure to seek medical treatment;
- All other child abuse (Physical) Aggravated Assaults wherein the suspect is known to be 18 years of age and over;

If it is determined that a Child Abuse (Physical) Simple Assault took place and not an Aggravated Assault, the supervisor shall have the report title and crime code updated and the investigative responsibility will remain with the geographic Area of occurrence.
