

## OFFICE OF OPERATIONS

### NOTICE

1.11

June 26, 2017

**TO:** All Commanding Officers

**FROM:** Director, Office of Operations

**SUBJECT:** IMPLEMENTATION OF THE GANG INJUNCTION DATABASE  
FOR THE ENFORCEMENT OF GANG INJUNCTIONS

The Department, in partnership with the Los Angeles City Attorney's Office (CA), remains committed to utilizing gang injunctions (GIs) to suppress and disrupt the criminal activities of Los Angeles street gangs. To maximize the effectiveness of this law enforcement tool, the Department and the CA have worked to create a GI Database which will be used as the centralized system for tracking individuals served with a GI and subject to GI enforcement. The GI Database is a compilation of enforcement lists for each of the City's 46 GIs, which were previously maintained by Area Gang Enforcement Details (GED). The GI Database will be located on the Department's Local Area Network, accessible through the AFDR/Incident Tracking link on the Infoweb homepage. The GIs shall only be enforced by sworn personnel who have received the requisite annual training within the prior 365 days and have access to the GI Database.

Effective immediately, prior to making any arrest for a GI violation, authorized Department personnel shall confirm that the individual is currently listed in the GI Database. This confirmation check with the GI Database is a required step even if the officer has personal knowledge of service. If the detained individual's information is in the GI Database, and the elements of a violation are present, then the individual may be subject to enforcement action. If the detained individual's information is not in the GI Database, the individual shall not be detained further unless independent reasonable suspicion or probable cause exists.

Operations Order No. 3, *Modification of Enforcement of Four Provisions Contained in Permanent Civil Gang Injunctions*, dated August 2, 2012 and Operations Order No. 2, *Service and Enforcement of Gang Injunctions*, dated December 9, 2009, shall remain in effect.

Should you have questions regarding this matter, please contact the Evaluation and Administration Section, Office of Operations, at (213) 486-6050.

MICHEL R. MOORE, First Assistant Chief  
Director, Office of Operations
