Commissioners:

On the agenda this week as usual are items directing more money to police, which is against the demands of more than half of city residents, the majority of which favor defunding the police! Every year, the LAPD spends over \$3.2 billion, taking over half the city's discretionary funding. \$187K of this grant money (item 3C) is to pay LAPD to teach 40 youth to ride minibikes. As community members have stated regarding funding LAPD activities with youth, they would rather the city supported families having those interactions, instead of paying police for these programs - invest in communities, take out police! We demand a divestment from police, and an investment in supportive and fulfilling community services.

For item 4B, LAPD lists where it is with regard to police "accountability" laws, all of which is a farce. Moore closes the document by performatively listing the George Floyd Justice in Policing Act, a bill that was not passed but Moore can't stop from taking the opportunity to say that LAPD is in compliance with numerous protocols on the bill anyway (it's not), and therefore LAPD is a "leader" in police practices." In reality, LAPD is a leader in police brutality, cruelly taking the majority of the city budget year after year while poverty increases, then using those resources to target folks that are unhoused. LAPD further leads in killings by police, and is consistently one of the deadliest police forces in the country. Performatively ticking the boxes by such claims as "eliminate practices that permit racial profiling" is yet another of some many of Moore's lies. Defund LAPD!

Regarding public comment - let people speak after agenda items! The community must have input on agenda items after hearing additional information on the item; it is through fear of public knowledge and public comment that the Police Commission does not currently allow this.

Decrease Moore's time and open up public comment, with no restrictions on number of

speakers and no 45-minute time limit. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say. Resume in-person meetings immediately, but keep a virtual public-comment option for people who can't or don't want to show up in person.

Signed,

Kenny Stevenson

Commissioners:

On the agenda this week as usual are items directing more money to police, which is against the demands of more than half of city residents, the majority of which favor defunding the police! Every year, the LAPD spends over \$3.2 billion, taking over half the city's discretionary funding. \$187K of this grant money (item 3C) is to pay LAPD to teach 40 youth to ride minibikes. As community members have stated regarding funding LAPD activities with youth, they would rather the city supported families having those interactions, instead of paying police for these programs - invest in communities, take out police! We demand a divestment from police, and an investment in supportive and fulfilling community services.

For item 4B, LAPD lists where it is with regard to police "accountability" laws, all of which is a farce. Moore closes the document by performatively listing the George Floyd Justice in Policing Act, a bill that was not passed but Moore can't stop from taking the opportunity to say that LAPD is in compliance with numerous protocols on the bill anyway (it's not), and therefore LAPD is a "leader" in police practices. In reality, LAPD is a leader in police brutality, cruelly taking the majority of the city budget year after year while poverty increases, then using those resources to target folks that are unhoused. LAPD further leads in killings by police, and is consistently one of the deadliest police forces in the country. Performatively

ticking the boxes by such claims as “eliminate practices that permit racial profiling” is yet another of Moore’s many lies. Defund LAPD!

Regarding public comment - let people speak after agenda items! The community must have input on agenda items after hearing additional information on the item; it is through fear of public knowledge and public comment that the Police Commission does not currently allow this.

Decrease Moore’s time and open up public comment, with no restrictions on number of speakers and no 45-minute time limit. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say. Resume in-person meetings immediately, but keep a virtual public-comment option for people who can’t or don’t want to show up in person.

Signed,

Lucas O'Connor

ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Dear Commissioners:

Against the demands of more than 1/2 of city residents - the majority of which favor defunding the police - there are yet again on the agenda more items directing more money to the police.

Every year, the LAPD takes over half of the city's discretionary funding, to the tune of over \$3.2 billion. We continue to demand a divestment from police and an investment in supportive community services.

Regarding item 3C, \$187,000 of the grant money is to pay LAPD to teach 40 youth to ride minibikes. These funds should be redirected to invest in the communities themselves for these sorts of activities, to support families leading those programs and interactions, versus unnecessarily paying the police for these programs.

Regarding item 4B, LAPD lists where it is with regard to police "accountability" laws, all of which is a farce. Moore closes the document by performatively listing the George Floyd Justice in Policing Act, a bill that was not passed and yet he

continues to take the opportunity to say that LAPD is in compliance with numerous protocols on the bill anyway (it's not), and therefore LAPD is a "leader" in police practices.

Instead, LAPD takes the majority of the city budget year after year while poverty increases, then uses those resources to target folks that are unhoused, among others. A nationwide example of police brutality, the LAPD leads killings by police, and is consistently one of the deadliest police forces in the country. Performatively ticking the boxes by such claims as "eliminate practices that permit racial profiling" is yet another of many of Moore's lies.

We continue to call for the city to defund LAPD and invest in community care and support!

Regarding public comment - let people speak after agenda items! The community must have input on agenda items after hearing additional information on the item; it is through fear of public knowledge and public comment that the Police Commission does not currently allow this. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board - and about LAPD in their neighborhoods. These communities must be given the opportunity to speak and it is crucial that you hear what they have to say.

We ask that you decrease Moore's time and open up public comment, with no restrictions on the number of speakers and without the 45-minute time limit. Resume in-person meetings immediately, but maintain a virtual public-comment option for people who cannot or do not wish to attend in person.

Signed,

Jennifer Giroux

LAPD further leads in killings by police and is consistently one of the deadliest police forces in the country. Performatively ticking the boxes by such claims as "eliminate practices that permit racial profiling" is yet another of Moore's lies. Defund LAPD!

Regarding public comment - let people speak after agenda items! The community must have input on agenda items after hearing additional information on the item; it is through fear of public knowledge and public comment that the Police Commission does not currently allow this.

Decrease Moore's time and open up public comment, with no restrictions on number of

speakers and no 45-minute time limit. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say. Resume in-person meetings immediately, but keep a virtual public-comment option for people who can't or don't want to show up in person.

Signed,

Dr. Beth F. Baker

Commissioners:

On the agenda this week as usual are items directing more money to police, which goes against the demands of more than half of city residents, the majority of whom are in favor of defunding the police! Each year, the LAPD spends over \$3.2 billion, taking over half the city's discretionary funding. \$187K of this grant money (item 3C) is to pay LAPD to teach 40 youth to ride minibikes. Community members have stated that they would rather the city supported families having those interactions instead of paying police for these programs. Invest in communities and remove police! We demand a divestment from police, and an investment in supportive and fulfilling community services.

For item 4B, LAPD lists its standing with regard to police "accountability" laws, all of which is a farce. Moore closes the document by performatively listing

the George Floyd Justice in Policing Act, a bill that was not passed but Moore can't stop from taking the opportunity to say that LAPD is in compliance with numerous protocols on the bill anyway (it's not), and therefore LAPD is a "leader" in police practices." In reality, LAPD is a leader in police brutality, cruelly taking the majority of the city budget year after year while poverty increases, then using those resources to target folks that are unhoused. LAPD further leads in killings by police, and is consistently one of the deadliest police forces in the country. Performatively ticking the boxes by claims such as "eliminate practices that permit racial profiling" is yet another of Moore's lies. Defund LAPD!

Regarding public comment: let people speak after agenda items are presented! The community must have input on each agenda item after hearing additional information on the item; fear of public knowledge and public comment are why the Police Commission does not currently allow this.

Decrease Moore's time and open up public comment, with no restrictions on the number of speakers and no 45-minute time limit. Subject: BOPC Public Comment: 11/9/2021

ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Dear Board of Commissioners:

As a citizen of Los Angeles District 11 I'm writing to submit public comments to the LAPC Meeting.

First off, a reminder for President Briggs: according to the rules of this

Commission, 4 million Angelenos are allowed to send their public comments into a meeting with numerous different agenda items and public discussions happening, as long as those emailed comments are sent in 16.5 hours before this meeting starts.

Item 4B: George Floyd Justice in Policing Act

Chief Michael Moore has "checked off" that his department has implemented "policies and procedures that 'eliminate practices that permit racial profiling.'" LAPD's use of technology and surveillance with discriminatory practices proves otherwise. The fact that out of 600 reports of racist acts, LAPD claimed 0 of those reports are legitimate, proves otherwise. The fact that LAPD continues to kill people with large disparities in killing those who are Black and brown proves otherwise. This simple check mark is extraordinarily performative and insulting. What are you going to do to ensure his "check mark" is telling the truth?

General Public Comment: Public Comment Limitations

I demand that you stop capping your meetings' public comment period at a mere forty-five minutes. You give 45 minutes for public comment from a city of 4 million people. Despite your weekly protestations to the contrary, you are silencing the voices of Angelenos by limiting who can speak at your meetings, and for how long.

Let people speak after each agenda item; the other way doesn't make sense.

Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

General Public Comment: LAPC Meeting Time

Why are these meetings held at the same time as City Council and Board of Supervisor meetings? Can we please change the meeting time so more people can participate in the meetings?

Sincerely,
Sarah Bowers

Commissioners:

COVID-related fatalities were the single-highest cause of officer line-of-duty deaths in 2020. LAPD is not above the city mandate that all city employees be fully vaccinated. They've had ample time to receive their vaccine as they were the first to gain access to the vaccine as first responders. Any officers who refuse to be vaccinated must be met with the same fate as any other city employee, they must be terminated immediately. LAPD should no longer be allowed to endanger residents with their failure to follow the most basic practices and guidelines to reduce the spread of Covid-19; a failing that has continued over the course of the entire pandemic making them the largest superspreaders.. over 26,000 deaths is unacceptable and was preventable if LAPD had followed safety measures and if they'd been vaccinated when it was first available to them at the beginning of 2021. Until they're terminated, officers must get tested twice a week for the coronavirus – and the cost of the tests must be deducted from their paychecks. The COVID tests must be taken on their personal time, not while they are being paid for city work.

On the agenda this week as usual are items directing more money to police, which is against the demands of more than half of city residents, the majority of which favor defunding the police! Every year, the LAPD spends over \$3.2 billion, taking over half the city's discretionary funding. \$187K of this grant money (item 3C) is to pay LAPD to teach 40 youth to ride minibikes. We demand a divestment from police, and an investment in supportive and fulfilling community services.

For item 4B, LAPD lists where it is with regard to police “accountability” laws, all of which is a farce. Moore closes the document by performatively listing the George Floyd Justice in Policing Act, a bill that was not passed but Moore can't stop from taking the opportunity to say that LAPD is in compliance with numerous protocols on the bill anyway (it's not), and therefore LAPD is a “leader” in police practices.” In reality, LAPD is a leader in police brutality, cruelly taking the majority of the city budget year after year while poverty increases, then using those resources to target folks that are unhoused. LAPD further leads in killings by police, and is consistently one of the deadliest police forces in the country. Performatively ticking the boxes by such claims as “eliminate practices that permit racial profiling” is yet another of some many of Moore's lies. Defund LAPD!

Regarding public comment - let people speak after agenda items! The community must have input on agenda items after hearing additional information on the item; it is through fear of public knowledge and public comment that the Police Commission does not currently allow this.

Decrease Moore's time and open up public comment, with no restrictions on number of speakers and no 45-minute time limit. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say. Resume in-person meetings immediately, but keep a virtual public-comment option.

Thank you from a concerned citizen

Kevin King

Commissioners:

On the agenda this week are the usual items directing more money to the police. This is against the demands of more than half of city residents. Most Angelenos favor defunding the police. LAPD spends over \$3.2 billion every year, taking over half the city's discretionary funding. \$187K of this grant money (item 3C) pays LAPD to teach 40 youth to ride minibikes. As community members have stated regarding funding LAPD activities with children, they would rather the city-supported families have those dollars instead of paying police for these programs. Why does this city resist investing in communities? We demand divestment from police and investment in supportive and fulfilling community services to promote our communities' health and welfare.

For item 4B, LAPD lists where it concerns police "accountability" laws, all of which is a farce. Moore closes the document by performatively listing the George Floyd Justice in Policing Act, which was not passed. Still, Moore can't stop from taking the opportunity to say that LAPD complies with numerous protocols on the account anyway (it does not), and therefore LAPD is a "leader" in police practices." In reality, LAPD is a leader in police brutality, cruelly taking the majority of the city budget year after year while poverty increases, then using those resources to target unhoused folks. LAPD further leads in killings by police and is consistently one of the deadliest police forces in the country. Performatively ticking the boxes by such claims as "eliminate practices that permit racial profiling" is yet another of many of Moore's lies. Why do you sit idly by as this empty rhetoric continues?

Regarding public comment - let people speak after agenda items! After hearing additional information on the article, the community must have input on agenda items; through fear of shared knowledge and public comment, the Police Commission does not currently allow this.

Decrease Moore's time and open up public comment, with no restrictions on the number

of speakers and no 45-minute time limit. Members of the communities most affected by police are by far the most knowledgeable about the real-world effects of the matters before the board and about LAPD in their neighborhoods. You need to hear what these Angelenos have to say. Resume in-person meetings immediately, but keep a virtual public-comment option for people who can't or don't want to show up in person.

Signed,

Michele Wetteland
