GANG ENFORCEMENT DETAIL WORK PRODUCT  
ASSESSMENT SUMMARY

MOTOR VEHICLE and PEDESTRIAN STOPS DATA  
COLLECTION AUDIT

WARRANT APPLICATIONS and SUPPORTING  
AFFIDAVITS AUDIT

**EXECUTIVE SUMMARY**  
**ARREST, BOOKING, and CHARGING (ABC) REPORTS AUDIT**  
Conducted by  
Audit Division

First Quarter, Fiscal Year 2006/07

**Purpose**

In accordance with the Fiscal Year (FY) 2006/07 Annual Audit Plan, Audit Division (AD) conducted an Arrest, Booking, and Charging (ABC) Reports audit to evaluate arrests for legality and conformance with Los Angeles Police Department (Department) procedures.

**Audit Methodology**

Audit Division randomly selected a statistically valid sample of 221 arrest reports from Deployment Periods 4 and 5, 2006 and reviewed them for the stated objectives.

**Audit Findings**

The Department was compliant for all objectives with the exceptions of Post Incident Supervisory Review and Conformance with Department Procedures in the areas of documentation of Miranda responses, medical treatment, and advisement and timeliness of juvenile telephone calls. See Summary of Audit Findings on the following page.

**Actions Taken**

Correspondence to the Director, Office of Operations, has been issued requesting corrective action, response, or clarification on these issues.

**Discussion**

The Department continues to maintain compliance on legality of underlying actions and authenticity of information. As noted, however, there were compliance issues with Department procedures relating to documentation of Miranda responses, medical treatment of arrestees, and advisement and timeliness of calls legally afforded to juvenile arrestees. The Miranda issues were administrative with no legal issues, and some arrest reports lacked documented evidence whether medical treatment was administered for what appeared to be non-emergency conditions. For the limited number of juvenile arrest reports reviewed, some lacked documented evidence of the telephone advisement, and calls were not always made within the required timeframe.

Post-incident supervisory review remains most problematic. Thirty-five percent of arrest reports contained issues that supervisors reasonably should have identified, compared to 16% and 27% in the two prior ABC audits.<sup>1</sup> The issues were generally lower risk, but the continued deficiencies of post incident supervisory review found in the last three ABC audits warrant special mention of this persistent issue, because conscientious supervisory oversight is an essential control necessary to minimize the Department's exposure to greater risks.

---

<sup>1</sup> Year over year percentages may not be comparable due to different objectives used in the assessments but are reported to show the existence of issues in this area.

**Second Quarter, Fiscal Year 2006/07**

**PURPOSE**

In accordance with the Fiscal Year (FY) 2006/07 Annual Audit Plan, Audit Division (AD) conducted an audit of Complaint, Form 1.28, investigations to assess the Los Angeles Police Department's (Department) compliance with requirements of the Consent Decree (CD). The audit was conducted pursuant to CD Paragraphs (¶) 51(a and d), 74(d, f, and g), 76, 79, 83, 87, 93, 94, 95, 129(a and e), and 152.<sup>1</sup>

**FINDINGS**

**Detail of Non-compliant Findings**

The Department did not meet the standards for Objective Nos. 2(a and c) as outlined below.

Objective No. 2(a) - Personnel Complaint Material Available to the Public

<sup>1</sup> Consent Decree ¶129(a) references CD ¶87, and CD ¶129(e) references CD ¶79. Findings are reported under CD ¶s 87 and 79 respectively.

Twenty-eight locations were visited to determine whether complaint materials required under CD ¶74(d) were available to the public.<sup>2</sup> There were 14 different complaint material forms required at each of 28 locations, for a total of 392 required forms.<sup>3</sup> Of the 392 required forms, 362 (92 percent) were available at the locations. Seven of the 28 locations did not have all required forms. Subsequently, Audit Division staff conducted follow-up at each of the seven locations and determined that each had corrected the deficiencies.

#### Objective No 2(c) - Continuation of a 24-Hour Toll-Free Telephone Complaint Hotline

The Department did not meet the standards for this objective because of its continued inability to record all incoming calls to the 24-hour toll-free recorded complaint hotline (hotline) as required by CD ¶74(g). This is the second consecutive audit in which issues related to the hotline have resulted in the Department's non-compliance with CD ¶74(g). The FY 2005/06 audit determined that the hotline had malfunctioned causing calls to go unanswered. In addition, because the Command Post (DCP) and Detective Support Division (DSD) shared staffing responsibility for the hotline, not all incoming calls were recorded as required. Further, during non-business hours, non-supervisors answered the hotline to determine which calls should be forwarded to a supervisor to initiate a complaint.

The present audit determined that the Department had corrected the issues identified in the previous audit. However, two other significant issues were noted. First, the Department did not record hotline calls for a period of five months. Professional Standards Bureau (PSB) indicated that between April 27 and September 29, 2006, the recording system for the complaint hotline malfunctioned, and there were no recordings of the calls during this time period. According to PSB, there was no warning system notifying personnel when the system failed. The Department is currently in the process of establishing a new telephone system to serve as the complaint hotline. The complaint hotline will have a message prompting capability for callers to leave messages during non-business hours, or contact an investigator in urgent cases. Audit Division has recommended that PSB ensure that this new telephone system also include a feature that alerts PSB staff when the system malfunctions.

The second issue involved three complainants whose reports of misconduct went unreported. These instances appear to be limited to one complaint intake supervisor. This finding was brought to the attention of the concerned commanding officer for appropriate action. Correspondence was also forwarded to the Commanding Officer, Professional Standards Bureau, for review and appropriate action. Audit Division has recommended that PSB establish protocols that require supervisors to regularly monitor the hotline to ensure proper handling of calls.

<sup>2</sup> The 28 locations included the 19 geographical areas, Chinatown Public Safety Center, Little Tokyo Service Center, the Police Administration Building, the Los Angeles International Airport sub-station, the Venice Beach sub-station, Koreatown Community Center, Southeast Community Service Center, West Traffic Division, and Baldwin Hills Crenshaw Plaza.

<sup>3</sup> Fourteen required complaint forms times 28 locations visited yielded a total of 392 required forms.

**EXECUTIVE SUMMARY  
GANG ENFORCEMENT DETAIL  
WORK PRODUCT ASSESSMENT SUMMARY**

**First Quarter, Fiscal Year 2006/2007**

**INTRODUCTION**

Audit Division (AD) reviewed 27 audit reports consisting of Consent Decree (CD) paragraph audits and Command Accountability Performance Audits (CAPAs) that were completed between Fiscal Year (FY) 2004/05 and FY 2006/07. The audit reports were reviewed for all incidents that did not meet the standards for audit objectives regarding GED officer activities.

Additionally, AD reviewed Bureau Gang Coordinator (BGC) Inspections issued from January through June 2006 and used the inspections to identify additional areas to be tested in AD audits. Audit Division also conducted a review of the BGC Inspections to determine if AD conducted similar tests in its audits. For those similar tests, AD documented compliance rates and attempted to compare inspection compliance rates with audit compliance rates.

**FINDINGS**

Audit Division identified 426 officers in the 27 audit reports. Of the 426 officers and based on an overly inclusive methodology, Audit Division identified 52 officers whose current work product will be further reviewed. Further analysis of the 52 officers determined that there were 20 occasions in which two or more of the 52 officers were working together. Audit Division is developing a methodology based on risk assessment to conduct an audit of these officers' work products.<sup>1</sup> The audit (GED WP Audit - Phase II) will be issued in the third quarter, FY 2006/07. Any findings of substantiated at-risk practices or recurring non-compliant issues will be directed to the Director, Office of Operations, Risk Management, and/or Professional Standards Bureau.

**SUMMARY OF ANALYSIS**

While this report is limited to non-compliant incidents categorized into Areas of Concern and Risk Category, the analysis contained herein provides information regarding specific officers whose actions repeatedly did not meet the standards of CD mandated and Department-initiated audits.

---

<sup>1</sup> Work product to be reviewed will be determined as appropriate, but may include arrest report packages, search warrants, sergeant logs, confidential informant control packages, use of force reports, and any other document(s) determined to be necessary.

Audit Division stresses that the conclusions are to be taken in strict context. While findings are summarized together for both CD mandated and Department-initiated CAPAs, AD recognizes the differences between these two types of audits and the weight that is given to the respective findings.

Of the 427 non-compliant incidents from the 27 audits, 17 (4%) were determined to be High Risk. The Moderate Risk category accounted for 95 (22%). The Low Risk category accounted for 315 (74%) non-compliant incidents and were mostly attributed to Administration/Policy and/or Procedures.

The Department policies regarding GED requirements, procedures, and functions (hard controls) are in place. However, the Department needs to place emphasis on management and supervisory operating practices, and commitment to proficiency (soft controls). These practices should encompass a sense of urgency to abide by those objectives set out to meet Department policies and procedures and CD mandates. Commitment to quality and proficiency should be embraced by management and emphasized to those they oversee.

**EXECUTIVE SUMMARY**  
**MOTOR VEHICLE and PEDESTRIAN STOPS DATA COLLECTION AUDIT**  
**Conducted by Audit Division**  
**Second Quarter, Fiscal Year 2006/07**

**PURPOSE**

In accordance with the Fiscal Year 2006/07 Annual Audit Plan, Audit Division conducted a Motor Vehicle and Pedestrian Stops Data Collection Audit. This audit evaluated four primary objectives:

**Objective No. 1 - Completeness [Consent Decree (CD) paragraphs (¶) 104, 105, 128, and 131]**

- a) Field Data Reports (FDRs) were completed when required;
- b) The FDRs were administratively complete; and,
- c) The FDRs were uploaded to the STOP system (FDR database maintained by the Department).

**Objective No. 2 - Authenticity (CD ¶s 128 and 131)**

- a) The FDR data was consistent with associated documents; and,
- b) Review for other indicia of inauthenticity or incorrectness.

**Objective No. 3 - Underlying Actions (CD ¶s 128 and 131)**

Officer actions were legal.

**Objective No. 4 - Supervisory Oversight and Post Incident Review (CD ¶s 128 and 131)**

- a) The FDRs were approved by supervisors; and,
- b) On-scene supervision was adequate.

**AUDIT FINDINGS**

The Department *did not* meet the standards for the following three audit objectives:

- Objective No. 1b - The FDRs were administratively completed;
- Objective No. 2a - The FDR data was consistent with associated documents; and,
- Objective No. 4a - The FDRs were approved by supervisors.<sup>1</sup>

The Department met or exceeded the standards for the following five audit objectives:

- Objective No. 1a - The FDRs were completed when required;

---

<sup>1</sup> Compliance rates reflect decreases from the prior year's audit that reported non-compliance for these three objectives.

- Objective No. 1c - The FDRs were uploaded to the STOP system;<sup>2</sup>
- Objective No. 2b - Review for other indicia of inauthenticity or incorrectness;
- Objective No. 3 - Officer actions were legal; and,
- Objective No. 4b - On-scene supervision was adequate.<sup>3</sup>

The table below depicts the findings for each objective.<sup>4</sup>

#### **RECOMMENDATIONS**

1. It is recommended that the Department consider department-wide implementation of the Portable Officer Data Device (PODDS) Field Interview Reports, Form 15.43 (FI card) feature.
2. It is recommended that the Civil Rights Integrity Division and Planning and Research Division collaborate to immediately update policy and procedures to reflect current systems and practices utilized for completion of FDRs.

<sup>2</sup> Compliance rate reflects an increase from the prior year's audit that reported non-compliance for this objective.

<sup>3</sup> Compliance rate reflects an increase from the prior year's audit that reported non-compliance for this objective.

<sup>4</sup> Statistical sampling was not used for GED to satisfy CD ¶131; thus, non-GED and GED findings are not comparative.

## Discussion

The Department did not meet the standards for 11 of the 15 objectives/sub-objectives measured. Four of the objectives/sub-objectives were significantly below the previous audit's compliance rates.<sup>1</sup>

The below table lists the objectives with the most significant decrease in compliance as compared to the previous audit.

**COMPLIANCE RATE COMPARISON OF SELECTED OBJECTIVES**

<b>Objective No.</b>	<b>Objective Description</b>	<b>Current Audit's Compliance Rate</b>	<b>Last Year's Compliance Rate</b>
2(b)	Inconsistent Information	76%	100%
2(d)	Other Indicia that the Information is not Authentic or Correct	72%	100%
6	Warrant Tracking Logs	68%	89%
7	Commanding Officer's Analysis	44%	71%

## Significant Findings

Although the difference in compliance rates can, in part, be attributed to an improved methodology, the audit identified numerous errors and omissions that would not have met the standards for the objectives in either audit. Most errors in this audit were related to either the Search Warrant application or the Warrant Service/Tactical Plan Report, Form 12.25. Five of the fifteen objectives/sub-objectives specifically tested these documents for their overall accuracy and quality.

Errors in the Search Warrant applications or Warrant Service/Tactical plan report most often related to 1) inconsistencies in the supporting documents; 2) issues related to the completion of the warrant application and affidavit, and Warrant Tracking Log; 3) completion of the Warrant Service/Tactical Plan Report, Form 12.25; and, 4) completion of the Comment Sheet, Form 1.77, analyzing the performance of the supervisor at the warrant service.

## Conclusion

Sufficient policies and procedures exist to guide Department employees in the proper completion and execution of search/Ramey warrants. However, the most significant findings in this audit relate to supervisory and management's lack of adherence to established warrant procedures.

<sup>1</sup> The difference in compliance rates can be partially attributed to AD's use of an improved methodology for this audit. During AD's post audit evaluation of the prior search warrant audit, it was determined that this methodology used for each of the above objectives would provide a more accurate measure.

## CHIEF OF STAFF NOTICE

*Use of Force - Use The Term "Distraction Strike" -  
Discontinued*

**CHIEF OF STAFF  
USE OF FORCE REVIEW DIVISION**

**NOTICE**  
2.2.6

November 6, 2006

**TO:** All Personnel

**FROM:** Chief of Staff

**SUBJECT:** USE OF FORCE – USE OF THE TERM “DISTRACTION STRIKE” :  
DISCONTINUED

For clarity and accuracy, the term, “Distraction Strike” shall no longer be used. This notice does not add or delete the usage of any arrest and control technique. Only the term, “Distraction Strike” is eliminated.

The use of the term “Distraction Strike” has become ambiguous in describing force used during an incident. The term was developed to describe the application of the technique, usually a punch or open palm strike, intended to divert a suspect's attention to the area where the blow is applied (temporary disablers) to allow the officer to transition to another technique, such as a joint lock. However, the usage of the term “Distraction Strike” has been misapplied to describe strikes intended to cause the suspect to submit to arrest or stop an offensive action when there was no intent to transition to another technique.

Officers reporting a use of force shall articulate the type of strike delivered and the reason for applying the strike. For example, if an open palm heel strike was applied to the chest area of a suspect to stop him from attacking an officer, the report should articulate:

- The officer's observations about the suspect that caused the officer to perceive that the suspect was threatening to attack;
- The type of strike (open palm heel, closed fist, etc.) and location of the strike applied to the suspect, and;
- The reason and/or intent in applying the strike.

An example of proper articulation may include: “ The suspect walked rapidly towards me shouting, “Get out of here.” I ordered the suspect to stop walking towards me and to calm down. The suspect ignored my commands and stated, “Go away, get out of here” and continued to walk briskly towards me. The suspect came within three feet of me, pointing his right hand in my face. Believing the suspect was about to strike me, I parried his right hand away from my face and struck the suspect in the upper right chest area with a right palm heel strike to stop the suspect's advance towards me. I continued to verbalize to the suspect, “stop resisting.” I grabbed the suspect's right arm in a firm grip and transitioned into a rear finger flex cuffing technique. The suspect stopped resisting me. I applied the handcuffs without further incident.”
