The City is currently in compliance with the Consent Decree provisions scheduled for implementation prior to or on October 15, 2001, and on schedule to implement the remaining Consent Decree requirements.

The City has worked to comply with the various Consent Decree provisions since the Consent Decree was submitted to the Court in November, 2000. The City's efforts to date have mainly focused on establishing the infrastructure required for successful Consent Decree implementation and compliance. Activities have included: 1) development of budget and staffing needs for compliance with various provisions; 2) allocation of funds; 3) authorization of positions and establishment of new Units within LAPD; 4) hiring of staff; 5) identification, and as appropriate, leasing of additional space; 6) executing contracts and preparing requests for proposals for outside consultant services as appropriate; 7) establishment of City oversight groups; 8) development and adoption of required changes in LAPD policies and procedures, and; 9) initiating training and implementation of required polices and procedures. Additional emphasis on training and operational compliance with policies and procedures and compliance monitoring, with corrective actions taken as needed, will be provided over the next Consent Decree implementation phases.

Attached is a summary of implementation activities, by Consent Decree paragraph, undertaken by the City since the Consent Decree was submitted to the Court in November, 2000. The City had partial or delayed compliance for approximately thirteen of the Consent Decree paragraphs, or potions thereof, with implementation dates of June 15 or July 1, 2001 (see paragraphs 50, 56, 60, 64, 66, 67, 69, 72, 74, 78, 109, 136, and 142). The City is currently in compliance with these paragraphs.

The City has implemented approximately twenty Consent Decree paragraphs, or portions thereof, prior to the implementation dates established in the Consent Decree(see Consent Decree paragraphs 55, 57, 61, 74, 76, 80, 82, 85, 86, 91, 97, 101, 140, 145, 147, 148, 149, 150, 153, and 156).

The pendency of the meet and confer process has delayed the implementation of all or portions of paragraphs 51, 62, 70(c), 77, 98, 106(b), (c), and (d), 107 (a) and (c), 108(i), 114, and 132 past the June 15, 2001 or July 1, 2001 implementation dates established in the Consent Decree for those provisions. Delays in implementation dates associated with meet and confer requirements are not considered compliance issues, since the City is complying with the good faith meet and confer requirements established in Consent Decree paragraphs 8 and 184.

# <sup>21</sup> Status of Implementation of Major Provisions

# Risk Management Information System (RMIS) Development

In January 2001 the City established a TEAMS II Work Group to oversee development of the
 Risk Management Information System (RMIS) (e.g. TEAMS II as defined in the Consent Decree)
 and all related tasks essential to successful implementation of the system, including infrastructure,
 development of related source systems, training, development of RMIS use protocols, and funding.
 The TEAMS II Work Group includes representatives from the Chief Legislative Analyst Office, the

Mayor's Office, City Administrative Officer, Information Technology Agency, Los Angeles Police
 Department (LAPD) representatives from Risk Management Group and Information Technology
 Division, and other entities as appropriate. The TEAMS II Work Group meets weekly.
 Representatives of the Independent Monitor also attend the meetings.

The City contracted with Liekar Strategic Solutions (LSS) on March 20, 2001, to develop the requirements and design for the Risk Management Information System and a Use of Force System (UOFS). The City contracted with Information Builders, Inc. (IBI) on July 30, 2001, to develop the requirements and design for the Complaint Management System (CMS). In addition to these systems, the City has identified the need for a central security module for access control and security for the RMIS, UOFS, and CMS. The City is working to develop requirements for the central security module.

The City submitted the RMIS Requirements/Design Document to the U.S. Department of Justice (DOJ) and the Independent Monitor on October 1, 2001, consistent with the requirements of paragraphs 45 and 50. The RMIS is designed to primarily meet the requirements of the Consent Decree. However, the design is modular in nature to enable continued development and evolution of the RMIS as LAPD procedures, data collection activities, and risk management needs change over time.

In order to expedite the delivery of RMIS, minimize data in-put needs, and capitalize on
 previous public resource investments, existing LAPD operational systems will be utilized to the
 maximum extent practicable as data sources for the RMIS. This will require that the RMIS interface
 with fifteen existing LAPD systems, two of which are imaging systems.

Data elements which are required by the RMIS but not currently captured in LAPD systems have been identified. Seven existing LAPD operational systems will need to be modified to address several such Adata gaps. In the case of use of force, complaints, and motor vehicle and pedestrian

stops new LAPD operational systems (Use of Force System (UOFS), Complaint Management System (CMS), and Stop Information System (SIS), respectively) will be developed and provide the data elements identified for these RMIS functional areas.

Timely implementation of the RMIS, UOFS, and CMS requires that the City concurrently develop and upgrade a number of LAPD computer systems. Given the complexity of this task, some delays in reviewing documents and resolving issues has occurred. To remedy this situation, the City is investigating options to enhance system development program management to better accommodate the work load associated with concurrent system development and ensure adequate oversight of system development. One option currently under investigation is the establishment of an individual entity within the City responsible for TEAMS II development primarily comprised of Information Technology Agency and LAPD Risk Management Group and Information Technology Division staff.

On October 5, 2001, the City issued a request for services to Information Technology Agency Aon-call contracted vendors. The services sought include: 1) a system architect to assist in designing the architecture for RMIS, UOFS, CMS, and the security module to ensure the systems will successfully integrate well, and ; 2) a joint application session specialist to assist in development of requirements and design throughout the system development process. Responses to the request for services are due October 19, 2001.

The City is implementing TEAMS 1.5 which is designed to provide greater access to TEAMS I information department wide and provide Command staff with simple trending and threshold report capabilities, until TEAMS II is completed. The goal of providing greater access to TEAMS I information is being achieved by creating a web based system (i.e. TEAMS 1.5). TEAMS 1.5 was first implemented at Central Bureau on June 4, 2001. The system is being rolled-out Bureau by Bureau with completion of department wide implementation scheduled for March 2002.

The Consent Decree includes several enhancements to the City's use of force review investigations and specifically requires the establishment of a unit within Operation Headquarters Bureau (OHB) with responsibility for investigation of Categorical Use of Force incidents. The 4 AOHB unit has been named the Critical Incident Investigation Unit (CIID). The CIID became operational in April, 2001, with the Order officially establishing the Division and its responsibilities 6 pending. The CIID has 24-hour roll-out capabilities to respond to all Categorical Uses of Force. 7 8 The staffing and procedures required for compliance with the enhanced use of force review processes established by the Consent Decree have been established and are in place.

The Inspector General and the Police Commission continue to review all Categorical Uses of Force incidents.

#### Enhanced Internal Affairs Group (IAG) Responsibilities 13

The Consent Decree requires that several categories of misconduct complaints be transitioned from chain-of-command investigation to investigation by the Internal Affairs Group (IAG). This transition in investigative responsibility will require a substantial increase in IAG investigation staffing and space. The following summarizes the progress made in staffing needed IAG positions to date:

The Ethics Enforcement Section of IAG, which is responsible for implementing the integrity audits required pursuant to paragraph 97 among other things, had eleven new positions authorized. The positions have been filled and lease space to accommodate the Unit's increased size has been identified, funded, and a lease is being negotiated. The Special Operations Section of IAG, which is responsible for criminal misconduct and major administrative misconduct investigation among other things, had nine new positions authorized. The positions have been filled and lease space to accommodate the Unit's increased size has been identified, funded, and a lease is

being negotiated.

Thirty-eight additional IAG investigators were authorized to conduct misconduct investigations. Fourteen of those positions have been filled to date. Sixteen positions are on-loan for a two month Atrial period. Space needs for IAG investigators are under review.

• The Review and Evaluation Section of IAG, which is responsible for validation and auditing of IAG investigations, had fifteen positions authorized. Twelve of the positions have been filled.

• Four additional administrative staff have been authorized. Two positions have been filled.

• The first and second priority misconduct complaint investigations identified in paragraph 95, complaints of unauthorized use of force and significant (as identified in Consent Decree paragraphs 93 and 94) complaints against Special Enforcement Unit employees, were transitioned to IAG beginning October 1, 2001. Department entities assigned misconduct investigations in these categories prior to October 1, 2001 will retain investigative responsibility for those cases.

• The current IAG backlog of misconduct investigations will be remedied concurrent with the transition of new investigative responsibilities in order to achieve the 5-month investigation goal established in paragraph 87. The next transition of investigations to IAG is planned for early January 2002. The misconduct investigation categories that will be transitioned will be based upon the staffing level achieved by IAG by January 2002 and the level of performance achieved in reaching the 5-month investigative goal.

The Audit Division became operational on April 8, 2001, with formal duties established in Special Order 16, distributed July 11, 2001. Twenty-eight additional staff positions were authorized for the Audit Division. Eleven of those positions have been filled and lease space to accommodate the Audit Division has been identified, funded, and approved.

The Detective Support Division, responsible for audits of Special Enforcement Units, was authorized an additional eight positions, six of which have been filled.

The Annual Audit Plan, required pursuant to Consent Decree paragraph 124, was approved by the Police Commission on June 5, 2001. The first Quarterly Audit Report is scheduled for submittal to the Commission on October 15, 2001.

The audits required to be completed prior to July 1, 2001, regarding arrest and booking reports, warrants, Special Enforcement Unit work products, and confidential informant files were completed and reviewed by the Insector General consistent with the timelines provided in the Consent Decree. Review of the audits by the Police Commission is still pending.

Although the requirements of the Consent Decree were not in efect during the period covered by the audits, several of the procedures established in the Consent Decree were current practice during the period covered by the audit. The audits identified some deficiencies. The Inspector General's review of the audit pursuant to paragraph 135, concurred with the findings of the audits and in some cases identified some concerns with the auditing methodology and sample size. Recommendations to remedy deficiencies identified were included in the audit report and are being considered and/or implemented. The results of the audits are summarized in the discussions regarding paragraphs 70, 71, 106, and 180.

The Audit Division is conducting the use of force audit required pursuant to Consent Decree paragraph 128 and will have it completed by the Consent Decree mandated due date of November 1, 28 2001. In addition, in the second quarter of FY 01-02 (October-December) the Audit Unit will be

conducing an audit of arrest and booking reports. The Detective Support Division will be conducting
 an audit of certain Special Enforcement Unit work products, consistent with paragraph 131, in the
 second quarter of FY 01-02.

#### Collection of Pedestrian and Traffic Stop Data

The City is on schedule to collect traffic and pedestrian stop data, consistent with the requirements of the Consent Decree paragraphs 104 and 105, on November 1, 2001. The LAPD has developed a paper form that can be scanned for data entry purposes for pedestrian and traffic stop data collection. Field Training Officers completed training on the program in early October. Distribution of the form to LAPD officers is planned for the last week of October.

In May, 2001, the LAPD conducted a pilot program for collection of traffic stop and pedestrian stop data utilizing hand held electronic devices. The technology proved acceptable and the City is moving forward with development of a request for proposal for the purchase of hand held devices for data collection and development of associated software and hardware. It is anticipated that collection of data electronically will be achieved sometime after to March 2002.

#### Review of Procedures for Dealing with Potentially Mentally Ill Persons

The City issued a request for proposals for professional services to assist the City in
 evaluating successful programs for dealing with potentially mentally ill persons. Proposers were
 interviewed October 10, 2001. It is anticipated that a recommendation will be forwarded to the
 Police Commission by the end of October 2001.

The LAPD initiated a pilot program, Crisis Intervention Team, that seeks to improve the manner in which first responders interface with people who may be mentally ill in June 2001. The program is modeled after similar programs in Memphis, Tennessee and Albuquerque, New Mexico. Forty hours of training was provided to 36 officers and sergeants on tactics, negotiations, and

1 recognition of mental illness in June 2001. The pilot program is scheduled to be evaluated in mid-2 November 2001. 3 Definitions of Terms Used in the Status Report 4 The status report includes terms to describe the City's current compliance status. It is 5 anticipated that these terms may need to be modified in the future to reflect the monitoring 6 7 methodology currently under development by the Independent Monitor and the terminology utilized 8 by the Independent Monitor in his first status report to the Court. 9 Terms are defined as follows: 10 Compliance: currently in compliance with the provisions discussed. 11 Partial Compliance: Compliance with some provisions of a paragraph was achieved in 12 accordance with the required implementation date, while compliance with other provisions was not 13 14 achieved by the required implementation date 15 Delayed Compliance: compliance with a paragraph was not achieved until after the required 16 implementation date. 17 Current Practice: LAPD had policies, procedures, or practices were in place as of 18 November, 2000. 19 Pending: the provision has a future compliance date and/or the City has not initiated any action to 20 21 implement a provision. 22 In-Progress: the provision has a future compliance date and the City has initiated actions to 23 implement the provision. 24 25 26 27 28

4 **Decree** ¶8

#### 5 **Decree Language:**

**"**8. Nothing in this Agreement is intended to: (a) alter the existing collective bargaining agreements between the City (as defined in paragraph 15) and LAPD employee bargaining units; or (b) impair the collective bargaining rights of employees in those units under start and local law. The parties acknowledge that as a matter of state and local law the implementation by the City of certain provisions of this Agreement may require compliance with the meet and confer process or consulting process. The City shall comply with any such legal requirements and shall do so with a goal of concluding any such processes in a manner that will permit the City's timely implementation of this Agreement. The City shall give appropriate notice of this Agreement to affected employee bargaining units to allow such processes to begin as to this Agreement as filed with the Court. The City has received one demand to meet and confer in regard to the proposed Agreement and will use its best efforts to have expedited that process and any others that may be demanded. The City agrees to consult with the DOJ in regard to the positions it takes in any meeting and conferring or consulting processes connected with this Agreement."

Consistent with the requirements of paragraph 8, the City consulted with DOJ prior to the City's submittal of a list of the provisions of the Consent Decree that are subject to the meet and confer process, consistent with the requirements of paragraph 184(a).

The pendency of the meet and confer process has delayed the implementation of all or portions of paragraphs 51, 62, 70(c), 77, 98, 106(b), (c), and (d), 107(a) and (c), 108(i), 114, and 132 past the June 15, 2001 or July 1, 2001 implementation dates established in the Consent Decree for those provisions. The proposed Consent Decree containing these implementation dates had been lodged with the Court on November 3, 200, but was not approved and entered by the Court until June 15, 2001.

Despite these delays, however, and consistent with its legal obligation to meet and confer in good faith, the City has prepared certain orders and forms to assist with the meet and confer process and to expedite implementation of some of the provisions identified above should they turn out to be the result of the meet and confer process. Such orders or forms naturally would be subject to modification should the meet and confer process lead to different resolutions. Information regarding such preliminary implementation activities is presented in the "activities" discussion for each specific paragraph.

The City will consult the DOJ in regard to: 1) delays due to the implementation of all or portions of paragraph 51, 62, 70(c), 77, 98, 106(b), (c), and (d), 108(i) and 132; 2) any additional meet and confer items that may be identified by the City, and; 3) the position the City will take in regard to provisions identified by the Los Angeles Police Protective League as subject to the meet and confer process.

The City acted to begin to identify the financial and staff resources required to implement the Consent Decree upon execution by the City and DOJ on November 3, 2000. In January, 2001, a Consent Decree Work Group was established to identify and resolve Consent Decree implementation issues and facilitate allocation of resources as appropriate. The Consent Decree Work Group meets weekly and includes the Chair of the Public Safety Committee staff, Mayor's Office, Office of the Chief Legislative Analyst, City Attorney's Office, Chief Administrative Officer, the Los Angeles Police Department (LAPD), Office of the Inspector General, and Police Commission (Commission) staff.

The City allocated financial resources and authorized positions to initiate Consent Decree implementation in February 2001. The positions authorized in the interim FY 00-01 budget were continued and enhanced with additional staff in the FY 01-02 budget approved in June, 2001. The City continues to monitor, through the Consent Decree Work Group and the LAPD Consent Decree Task Force, the financial and staff resources required to implement the Consent Decree

The City is working to develop requirements for the central security module.

Timely implementation of the RMIS, UOFS, and CMS requires that the City concurrently develop and upgrade a number of LAPD computer systems. Given the complexity of this task, some delays in reviewing documents and resolving issues has occurred. To remedy this situation, the City is investigating options to enhance system development program management to better accommodate the work load associated with concurrent system development

On October 5, 2001, the City released a request for services to Information Technology Agency "on-call" contracted vendors. The services sought include: 1) a system architect to assist in designing the architecture for RMIS, UOFS, CMS, and the security module to ensure the systems will successfully integrate well, and ; 2) a joint application session specialist to assist in development of requirements and design throughout the system development process. Responses to the request for services are due October 19, 2001.

The City submitted the RMIS data elements on September 17, 2001 and the RMIS Requirements/Design document on October 1, 2001 to the DOJ and the Independent Monitor (see paragraphs 45 and 50).

The City is implementing TEAMS 1.5, which is designed to provide greater access to TEAMS I information department wide and provide Command staff with simple trending and threshold report capabilities, until TEAMS II is completed. The goal of providing greater access to TEAMS I information is being achieved by creating an web- based system (TEAMS 1.5). TEAMS 1.5 was first implemented at Central Bureau on June 4, 2001. The system is being rolled-out Bureau by Bureau with completion of department wide implementation scheduled for March 2002. Also see paragraphs 40-50.

"40. The Commission, the Inspector General, and the Chief of Police shall each have equal and full access to TEAMS II, and may each use TEAMS II to its fullest capabilities in performing their duties and responsibilities, subject to restrictions on use of information contained in applicable law. To the extent that highly sensitive information is contained in TEAMS II, the Commission may impose an identical access restriction on itself and the Inspector General to such information, provided that no such access restriction may in any way impair or impede implementation of this Agreement. The Department shall establish a policy with respect to granting or limiting access to TEAMS II by all other persons, including the staff of the Commission and the Inspector General, but excluding DOJ and the Monitor, whose access to TEAMS II is governed by paragraphs 166, 167, and 177."

"42. The Department shall prepare and implement a plan for-inputting historical data into TEAMS II (the "Data Input Plan"). The City shall have flexibility in determining the most cost effective, reliable and time sensitive means for inputting such data, which may include conversion of existing computerized databases. The Data Input Plan will identify the data to be included and the means for inputting such data (whether conversion or otherwise), the specific fields of information to be included, the past time periods for which information is to be included, the deadlines for inputting the data, and will assign responsibility for the input of the data. The City will use reasonable efforts to include historical data that are up-to-date and complete in TEAMS II. The amount, type and scope of historical data to be included in TEAMS II shall be determined by the City, after consultation with the DOJ, on the basis of the availability and accuracy of such data in existing computer systems, the cost of obtaining or converting such data, and the impact of including or not including such data will have on the overall ability of the Department to use TEAMS II as an effective tool to manage at-risk behavior. The means and schedule for inputting such data will be determined by the City in consultation with DOJ, taking into consideration the above factors, as well as the City's ability to meet its obligations under paragraph 50. With regard to historic use of force data, the City shall make the determinations required by this paragraph for the beta version of TEAMS II required by paragraph 50(c) and again for the final version of TEAMS II."

a The protocol shall require that, on a regular basis, supervisors review and analyze all relevant information in TEAMS II about officers under their supervision to detect any pattern or series of incidents that indicate that an officer, group of officers, or an LAPD unit under his or her supervision may be engaging in at-risk behavior.

b. The protocol shall provide that when at-risk behavior may be occurring based on a review and analysis described in the preceding subparagraph, appropriate managers and supervisors shall undertake a more intensive review of the officer's performance.

c. The protocol shall require that LAPD managers on a regular basis review and analyze relevant information in TEAMS II about subordinate managers and supervisors in their command regarding the subordinate's ability to manage adherence to policy and to address at-risk behavior.

d The protocol shall state guidelines for numbers and types of incidents requiring a TEAMS II review by supervisors and managers (in addition to the regular reviews required by the preceding subparagraphs), and the frequency of these reviews.

e. The protocol shall state guideline for the follow-up managerial or supervisory actions (including non-disciplinary actions) to be taken based on reviews of the information in TEAMS II required pursuant to this protocol. f. The protocol shall require that manages and supervisors use TEAMSII information as one source of information in determining when to undertake an auditof an LAPD unit or group of officers.

The protocol shall require that all relevant and appropriate information g. in TEAMS II be taken into account when selecting officers for assignment to the OHB Unit established in paragraph 55, units covered by paragraph 106, pay grade advancement, promotion, assignment as an IAG investigator or as a Field Training Officer, or when preparing annual personnel performance evaluations. Complaints and portions of complaints not permitted to be used in making certain decisions under state law shall not be used in connection with such decisions and TEAMS II shall reflect this limitation by excluding such complaints and portions of complaints from the information that is retrieved by a query or report regarding such decisions. Supervisors and managers shall be required to document their consideration of any sustained administrative investigation, adverse judicial finding, or discipline against an officer in each case for excessive force, false arrest or charge, improper search or seizure, sexual harassment, discrimination, or dishonesty in determining when such officer is selected for assignment to the OHB Unit, units covered by paragraph 106, pay grade advancement, promotion, or assignment as an IAG investigator or as a Field Training Officer, or when preparing annual personnel performance evaluations.

h. The protocol shall specify that actions taken as a result of information
from TEAMS II shall be based on all relevant and appropriate information, and not
solely on the number or percentages of incidents in any category recorded in TEAMS
II.

i. The protocol shall provide that managers' and supervisors' performance in implementing the provisions of the TEAMS II protocol shall be taken into account in their annual personnel performance evaluations.

j. The protocol shall provide specific procedures that provide for each LAPD officer to be able to review on a regular basis all personally-identifiable data about him or her in TEAMS II in order to ensure the accuracy of that data. The protocol also shall provide for procedures for correcting data errors discovered by officers in their review of the TEAMS II data.

k. The protocol shall require regular review by appropriate mangers of all relevant TEAMS II information to evaluate officer performance citywide, and to evaluate and make appropriate comparisons regarding the performance of all LAPD units in order to identify any patterns or series of incidents that may indicate at-risk behavior. These evaluations shall include evaluating the performance over time of individual units, and comparing the performance of units with similar responsibilities:

 The protocol shall provide for the routine and timely documentation in TEAMS II of actions taken as a result of reviews of TEAMS II information.

m. The protocol shall require that whenever an officer transfers into a new

"50. TEAMS II shall be developed and implemented according to the following schedule:

a. Within three months of the effective date of this Agreement, the City shall submit the design document required by paragraph 45 to DOJ for approval. The City shall share drafts of this document with the DOJ and the Monitor to allow the DOJ and the Monitor to become familiar with the document as it develops and to provide informal comments on it. The City and the DOJ shall together seek to ensure that the design document receives formal approval within 30 days after it is submitted for approval. The City shall respond to any DOJ written comments or objections during the approval process within 10 days, excluding weekends and state and federal holidays. Such response shall explain the City's position and propose changes to the design document as appropriate to respond to DOJ's concerns.

b. Within 15 months of DOJ's approval of the design document pursuant to paragraph 50(a), the City shall submit the protocol for using TEAMS II required by paragraph 46 to DOJ for approval. The City shall share drafts of this document with the DOJ and the Monitor to allow the DOJ and the Monitor to become familiar with the document as it develops and to provide informal continents on it. The City and DOJ shall together seek to ensure that the protocol receives final approval within 60 days after it is presented for approval. The City shall respond to any DOJ written comments or objections during the approval process within 10 days, excluding weekends and state and federal holidays. Such response shall explain the City's

1 position and propose any changes to the protocol as appropriate to respond to DOJ's 2 concerns, together with a schedule for making the proposed changes. 3 Within 12 months of the approval of the design document pursuant to c. 4 paragraph 50(a), the City shall have ready for testing a beta version of TEAMS II 5 consisting of: (i) server hardware and operating systems installed, configured and 6 integrated with the LAPD intranet; (ii) necessary data base software installed and 7 8 configured; (iii) data structures created, including interfaces to source data; and 9 (iv) the use of force information system completed, including, subject to paragraph 42, 10 historic data. Provision 51(d) has been identified as a meet and confer item. The other provisions of paragraph 51 are being discussed as part of the meet and confer process established consistent with the requirements of paragraph 8 and 184. Also see paragraphs 98, 107(a) and (c), and 114.

TEAMS I records are currently reviewed by many supervisors for appointments to positions, including positions in CIID, IAG, FTO, and Special Enforcement Units, however there is no formal codification to require such reviews. The LAPD has reviewed the TEAMS I records and IAG Form 1.80's for appointments to IAG (see paragraph 99 ) and CIID (see paragraph 55) since June 15, 2001.

To assist with the meet and confer process and to expedite implementation of some of the provisions of paragraph 51 should they turn out to be the result of the meet and confer process, the LAPD has developed a draft form to assist Department managers in the review and consideration of personnel assignments required by paragraph 51. The draft form naturally would be subject to modification should the meet and confer process lead to different resolutions.

The City is implementing TEAMS 1.5, which is designed to provide greater access to TEAMS I information department wide and provide Command staff with simple trending and threshold report capabilities. The goal of providing greater access to TEAMS I information is being

## Activities:

Paragraph 54 has been identified as a meet and confer item (see paragraphs 8 and 184). Research and development of a plan for revising the LAPD Employee Evaluation Guide, personnel performance evaluations, and related forms have been initiated. Draft revised Personnel Evaluation Forms for the ranks of Captain and above and Lieutenant and below have been developed internally by the Human Resources Bureau. The draft forms included rating categories specific to various Consent Decree mandates (also see paragraphs 62, 70( c), 98, and 108 (i)). The Personnel Evaluation Form revisions will require approval by several City Departments, including the Personnel Department.

54 STATUS REPORT

Existing staff transferred from RHD and DHD to CIID were reviewed consistent with misconduct categories outlined in paragraph 51(d). The TEAMS I record and subsequently IAG Form 1.80's were reviewed for staff newly assigned to CIID, with special attention afforded those misconduct categories outlined in paragraph 51(d).

Investigative procedures consistent with those contained in paragraph 80 are included in Watch Commander and Detective Supervisor School (see paragraphs 80 and 123). All but one CIID investigator has completed such training. The one Detective II requiring training was scheduled for training in September. Due to the events of September 11, 2001, training courses were cancelled. The Detective II is now scheduled for training in October.

The Special Order formally establishing CIID and detailing its responsibilities is anticipated to be completed in November 2001.

The City achieved partial compliance with this paragraph on July 1, 2001, with full compliance achieved on July 30, 2001. The only area of delayed compliance was in response to the two new types of Categorical Uses of Force established by the Consent Decree (definition in paragraph 13): head strikes with an impact weapon and canine bites that result in hospitalization. Although the Commission adopted a Use of Force Policy defining Categorical Use of Force, the definition was published for implementation by field personnel on July 30, 2001 (see also paragraphs 64, 67, 69, 136, and 142).

The Consent Decree contains several provisions regarding the review and processing of 13 14 Categorical Uses of Force. The City's original implementation strategy was to include the various 15 Consent Decree provisions that relate to a single subject area into a single implementation Order. In 16 addition, in some cases changes to policies and procedures which were under development by LAPD, 17 but not required by the Consent Decree, were rolled into such subject area Orders as this was 18 determined to be the most efficient process for Order processing, implementation, and personnel 19 20 training. With the Critical Incident Investigation Division (CIID) operational on April 8, 2001, the 21 LAPD originally included the definition of Categorical Use of Force in the subject area Order 22 implementing the CIID. The CIID subject area Order is very complex and was delayed. To correct 23 the partial compliance issue associated with implementation of paragraphs 56, 64, 67, 69, 136, and 24 142 LAPD pulled the definition of Categorical Use of Force out of the draft CIID Order and 25 distributed a separate Notice with the definition only on July 30, 2001. 26

The Department Command Post is responsible for notifying appropriate entities regarding
 Categorical Use of Force incidents. On July 12, 2001, the Inspector General was not notified of two

<sup>57</sup> 

Categorical Uses of Force. CIID was notified directly of the incidents and therefore the notifications
 did not proceed through the Command Post. To remedy such potential future events a procedure has
 been implemented that the CIID case supervisor assigned to the incident conducts follow-up checks
 to verify that notifications are made. This new procedure will be codified in the CIID Special Order
 anticipated to be completed in November, 2001.

## **Decree Language:**

"62. Managers shall analyze the circumstances surrounding the presence or absence of a supervisor at (a) a Categorical Use of Force incident, and (b) the service of a search warrant. In each case, such analysis shall occur within one week of the occurrence of the incident or service to determine if the supervisor's response to the incident or service was appropriate. Such supervisory conduct shall be taken into account in each supervisor's annual personnel performance evaluation."

Compliance by the July 1, 2001, implementation due date was delayed until August 17, 2001, and one provision has been identified as a meet and confer item. Compliance with the requirements to analyze the presence or absence of a supervisor at a Categorical Use of Force incident was codified in the HRB Notice entitled "Commanding Officer Review of Categorical Use of Force," distributed August 10, 2001. The requirements to analyze the presence or absence of a supervisor at the service of a search warrant is included in Special Order 25, distributed August 17, 2001.

The provision regarding consideration of supervisory conduct in each supervisor's annual personnel performance evaluation has been identified as a meet and confer item (see paragraphs 8 & 184). A review of the LAPD Employee Evaluation Guide has been initiated and will consider the supervisor evaluation provision of paragraph 62 (see paragraph 54). To assist with the meet and confer process and to expedite implementation of paragraph 62 should it turn out to be the result of the meet and confer process, the LAPD has developed a draft performance Evaluation form. The draft form naturally would be subject to modification should the meet and confer process lead to different resolutions.

The City was in partial compliance with this paragraph on July 1, 2001, with full compliance achieved August 10, 2001. The area of delayed compliance regarded the requirement that Categorical Use of Force incident reviews include consideration of tactics previously used by officers. The HRB Notice "Commanding Officer Review of Categorical Use of Force," distributed August 10, 2001, codified the requirement to consider previous tactics when reviewing Categorical Uses of Force. The consideration of work history when making recommendations regarding discipline or non-disciplinary action, including Categorical Use of Force incidents, is current LAPD 10 practice and is outlined in the Manager's Guide to Discipline (see paragraph 56 discussion).

The RMIS and its protocol for use are under development and will include the provisions of paragraph 64 (see paragraph 47).

26 The Consent Decree contains several provisions regarding the review and processing of non-

<sup>27</sup> categorical uses of force investigations. The City's original implementation strategy was to include

 $^{28}$  the various Consent Decree provisions that relate to a single subject area into a single implementation

72 STATUS REPORT

Order. In addition, in some cases changes to policies and procedures which were under development by LAPD, but not required by the Consent Decree, were rolled into such subject area Orders as this was determined to be the most efficient process for Order processing, implementation, and personnel training. The Non-Categorical Use of Force Order was delayed due to the inclusion of new non-categorical use of force review processes not required by the Consent Decree which created additional review requirements and potential personnel related issues. LAPD deleted the non-Consent Decree related review process elements from the Order and the Order was distributed, with the revised Use of Force form required by Consent Decree paragraph 66, on September 17, 2001.

The Non-Categorical Use of Force form may need to be further revised to be consistent with the information planned for the Use of Force System.

The City was in partial compliance with paragraph 67 on July 1, 2001, with full compliance achieved July 30, 2001. The only area of delayed compliance was in response to the two new types of Categorical Uses of Force established by the Consent Decree (definition in paragraph 13): head strikes with an impact weapon and canine bites that result in hospitalization. Although the Commission adopted a Use of Force Policy defining Categorical Use of Force in March, the Human Resources Bureau Notice codifying the definition was published for implementation by field personnel on July 30, 2001 (see paragraph 56 discussion). It is the current policy and practice of the Commission that the Inspector General and the Commission review all Categorical Uses of Force (see also paragraph 142).

The Use of Force Review Section process, which includes investigation time lines, was reaffirmed by the Police Commission July 17, 2001. A Use of Force Review Board Protocol Manual is being developed.

The City was in partial compliance with paragraph 69 on July 1, 2001, with full compliance achieved September 17, 2001. One area of delayed compliance was in response to the two new types of Categorical Uses of Force established by the Consent Decree (definition in paragraph 13): head strikes with an impact weapon and canine bites that result in hospitalization. Although the Commission adopted a Use of Force Policy defining Categorical Use of Force in March, the HRB Notice codifying the definition was published for implementation by field personnel on July 30, 2001 (see paragraph 56 discussion).

The practice of having significant uses of force reviewed by the Use of Force Review Board
 is current LAPD practice. The responsibilities of the Use of Force Review Board are outlined in
 Manual Section 2/092.50. As indicated in the definition of Categorical Use of Force (paragraph 13),
 dog bites that result in hospitalization are not uses of force. Therefore, a review panel for dog bites
 that result in hospitalization, consistent with the level of review and oversight provided for
 Categorical Uses of Force other than dog bites, has been established pursuant to an HRB Notice
 distributed October 5, 2001. A Use of Force Review Board Protocol Manual is being developed.

Although it is general practice that non-categorical use of force investigations are reviewed by Division management within 14 days of the incident, the requirement was first codified in Special Order 27, published September 17, 2001. **Decree** ¶70

The procedures required in paragraph 71 are current LAPD practice (Search Warrant Procedures Guide published in December 1996). Special Order 25, published on August 17, 2001, re-affirmed the procedures required by paragraph 71.

Audit Results: An audit of search warrants was conducted pursuant to paragraph 125 (a) (see also paragraph 125). Although the requirements of the Consent Decree were not effective during the period covered by the audit, the procedures established in paragraph 71 were current practice during the period covered by the audit. The audit identified some deficiencies in search warrant related areas, such as search warrant tracking and consistency in search warrant file format and content. "73. All detainees and arrestees brought to an LAPD facility shall be brought before a watch commander for inspection. The watch commander shall visually inspect each such detainee or arrestee for injuries as required by LAPD procedures and, at a minimum, ask the detainee or arrestee the questions required by current LAPD procedures, which are: 1) "Do you understand why you were detained/arrested?"; 2) "Are you sick, ill, or injured?"; 3) "Do you have any questions or concerns?" In the rare cases where circumstances preclude such an inspection and interview by a watch commander, the LAPD shall ensure that the person is inspected and interviewed by a supervisor who did not assist or participate in the person's arrest or detention. In each instance, the watch commander or supervisor, as appropriate, shall sign the related booking documentation, which shall indicate their compliance with these procedures."

requirements, and therefore the complaint forms available as of July 25, 2001 are in full compliance with the requirements of the Consent Decree.

The LAPD has had a 24-hour toll free complaint line in operation for several years. On June 26, 2001, the Chief of Police issued a Notice codifying that all calls be recorded. Recording of the complaint hotline was initiated on July 1, 2001 utilizing "interim" recording equipment; therefore compliance with this provision was achieved prior to the December 15, 2001 Consent Decree implementation date. Complaint hotline recording equipment was budgeted for in the FY00-01 interim budget, equipment was ordered, and is scheduled to be installed in winter, 2001.

Paragraph 74 (a), (b), (c), (e), (f), and (h) are existing LAPD procedures (Manual Sections 3/810. and 3/815.25; Special Order 26, 2000). These procedures were re-affirmed, utilizing language that more directly tracks the Consent Decree language, in Special Order 17, distributed on July 23, 2001.

The City had partial compliance on July 1, 2001, with full compliance achieved on September 13, 2001. The only area of delayed compliance was in implementing the option to report misconduct directly to IAG. An LAPD employee's duty and responsibility to report misconduct to a supervisor is established in current LAPD policy (Manual Sections 3/805.25, 3/815.05, and 1/210.46). Special Order 30, distributed September 13, 2001, provides employees the option of reporting misconduct directly to the Internal Affairs Group, consistent with paragraph 78.

Current Compliance Status: Compliance

Compliance Action: LAPD Manual Section 3/820.01

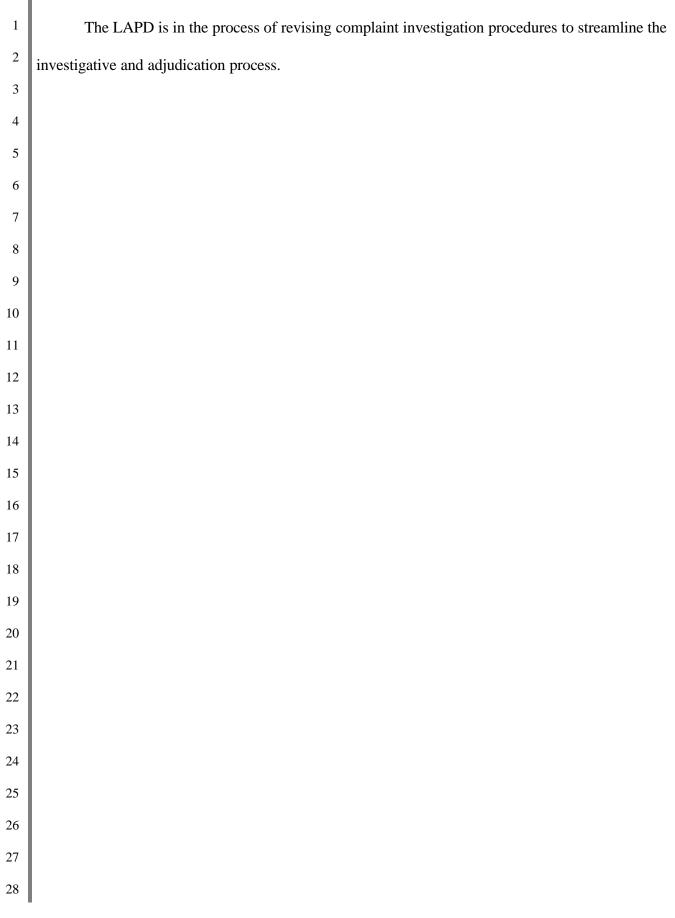

**Budge**t: See paragraph 95

19 **Staffing**: See paragraph 95

20 **Space Needs**: See paragraph 95

Activities:

Timely completion of complaint investigations is existing LAPD policy. LAPD does have a back log of investigations that will need to be addressed as the City proceeds with implementation of the five month investigation goal. In the year 2001, for cases closed as of August 31, the average investigative time (calculated from the time assigned to an investigator officer until submitted to the Chief Investigator) was 4.7 months, with over 211 of the 538 investigations exceeding 5 months in duration. The average investigative time in 2000 was 6.3 months and in 1999 was 8.8 months.

# Activities:

The Commission re-affirmed the current LAPD anti-retaliation policy on February 27, 2001. On September 18, 2001, the Commission approved a Report from the Chief of Police regarding the anti-discrimination efforts of the LAPD in the workplace, which includes an anti-retaliation policy.

The LAPD is currently preparing a report on the anti-retaliation policy to be submitted to the Commission prior to December, 2001. The report will include review of the Department's anti-

retaliation policy and analyses of training and disciplinary actions related to retaliation.

comply with the transition of the various categories of complaints pursuant to paragraphs 93 and 94,
 the existing levels of the Special Operations Section was increased by 9 staff, with all positions
 currently filled. Lease space for the additional space required for increased Special Operations
 Section staff has been identified and is proceeding through Council consideration of an allocation of
 the approximately \$65,360 in required funding is scheduled for the week of October 15, 2001 (also
 see paragraph 11).

The IAG Ethics Enforcement Section will be responsible for implementing random integrity audit checks pursuant to paragraph 97. To comply with these increased responsibilities Ethics Enforcement Section was increased by 11 staff, with all positions currently filled. Additional space required for the staff has been identified and the lease in under negotiations, with the required \$129,051 in funding already allocated by City.

The IAG Review and Evaluation Section is responsible for validation and auditing of IAG investigations. With increased IAG investigation responsibility, the Review and Evaluation Section was increased by 15 staff, with 12 positions filled.

Four additional administrative staff were authorized to support IAG operations, with 2 positions currently filled.

Additional IAG investigators are required to comply with the increased complaint 20 21 investigation responsibility required by paragraphs 93 and 94. A total of 38 additional investigators 22 and 4 additional administrative staff positions were authorized in FY 01-02. An additional 38 23 investigative staff positions were authorized for FY 02-03. Of the FY 01-02 position authorized, 14 24 Sergeant II positions have been filled. An additional sixteen positions (3 Sergeant II; 8 Sergeant 1; 4 25 Detective I; 1 Detective II) are "on loan." The loan program provides for personnel to work in 26 27 positions for approximately 2 months, providing both employees and management the opportunity to 28 review the appropriateness of the position for the employee. Civil positions have been advertised and

4

5

7

8

10

11

12

13

14

the search to fill these positions is on-going. The City has experienced difficulty in the past filling
 Detective II positions, this has proven the case for the IAG investigation positions as well.

Substantial additional space will be required for the increased IAG investigative staff. LAPD in coordination with the City's General Services Department is working to identify appropriate space (also see paragraph 11).

The first and second priority investigations identified in paragraph 95 were transitioned to IAG beginning October 1, 2001. Department entities assigned misconduct investigations in these categories prior to October 1, 2001 will retain investigative responsibility for those cases. It is estimated that transition of unauthorized use of force will result in approximately 621 additional investigations for IAG annually. The additional investigations associated with the transfer of complaints against employees in SEU's in the categories listed in paragraph 93 is unknown, since investigations were not previously tracked based upon SEU assignment.

15 The City will monitor the transition of complaint investigations to assess compliance with the 16 5-month investigation goal established in paragraph 87. As noted in paragraph 87, the backlog of 17 misconduct investigations must be remedied as new investigations are transitioned. The next 18 priorities for complaint categories planned for transition to IAG in early 2002 are those investigations 19 covered by paragraph 94, domestic violence (paragraph 93 (vi)), narcotics/drugs (paragraph 93 (vii)), 20 21 sexual misconduct (paragraph 93 (viii), and retaliation (paragraph 93 (x). The misconduct 22 investigation categories will be transitioned based upon the staffing level achieved by IAG by January 23 2002 and the level of performance achieved in reaching the 5-month investigative goal. 24 The TEAMS I record for employees assigned to IAG, or provided on an "on loan" basis, 25 were reviewed, with special attention afforded to the misconduct categories identified in paragraph 26

27 51(d). Subsequently, IAG Form 1.80's were reviewed for all newly assigned employees. IAG Form

 $^{28}$  1.80's will be reviewed for employees on-loan during the two month loan period.

132

Investigative procedures consistent with paragraph 80 are included in Watch Commander School, Detective Supervisor School, and Basic Supervisor School. IAG training is included in these schools. Approximately 10 employees recently assigned to IAG have been identified as requiring IAG training. Several of the employees requiring training are in sensitive positions requiring scheduling of a special training session. Training is in the process of being scheduled. See also paragraphs 80, 100, and 123).

"97. By July 1, 2001, the City shall develop and initiate a plan for organizing and executing regular, targeted, and random integrity audit checks, or "sting" operations (hereinafter "sting audits,") to identify and investigate officers engaging in at-risk behavior, including: unlawful stops, searches, seizures (including false arrests), uses of excessive force, or violations of LAPD's Manual Section 4/264.50 (or its successor). These operations shall also seek to identify officers who discourage the filing of a complaint or fail to report misconduct or complaints. IAG shall be the unit within the LAPD responsible for these operations. The Department shall use the relevant TEAMS II data, and other relevant information, in selecting targets for these sting audits. Sting audits shall be conducted for each subsequent fiscal year for the duration of this Agreement. Nothing in this Agreement is intended to limit the application of any federal statute."

# Activities:

The IAG Ethics Enforcement Section was operational on February 11, 2001 with Special Order 22 distributed August 13, 2001, codifying the responsibilities of this section. Additional surveillance equipment and vehicles were approved as part of the FY 01-02 budget (see paragraph 95). Protocols for conducting random integrity audit checks have been established by the Ethics Enforcement Section and audits consistent with the subject areas identified in paragraph 97 are being implemented. Results of random integrity audits will be provided to the Commission and Inspector General consistent with the requirements of paragraph 127.

It is current LAPD practice that Commanding Officers are responsible for selecting staff and ensuring selected staff are qualified to perform the duties of the position for which they are selected.

The provision regarding disqualification of employees from selection for IAG positions has been identified as a meet and confer issue (see also paragraph 51(d)). To assist with the meet and confer process and to expedite implementation of the provision of paragraph 98 identified above should it turn out to be the result of the meet and confer process, the LAPD has developed a draft form to assist Department managers in the review and consideration of various items for personnel assignments. The draft form naturally would be subject to modification should the meet and confer process lead to different resolutions.

In May, 2001, the LAPD conducted a pilot program for collection of traffic stop and pedestrian stop data utilizing hand held electronic devices. The technology proved acceptable and the City is moving forward with development of a request for proposal for the purchase of hand held devices for data collection and development of associated software and hardware. It is anticipated that collection of data electronically cannot be achieved prior to March 2002. Therefore, data collection utilizing paper forms is planned for November 1, 2001.

The LAPD has developed a paper form, that can be scanned for data entry purposes, for pedestrian and traffic stop data collection. The form was provided to DOJ and the Independent Monitor for review and comment. The form was submitted to the City's General Services Department for printing on September 19, 2001. Forms will be printed in books similar to citation books, with an original form and a carbon copy. Each book will contain approximately 20 forms. It is anticipated that 25,000 books of forms will be available October 17. October 22 has been established as the date essential to having printed forms to ensure they are distributed and available to officers on November 1, 2001.

The LAPD is in the process of drafting a contract for scanning services, ensuring services can 19 be in place by November 1, 2001. The original data collection forms will be collected and provided to 20 the contractor for scanning. The carbon copies will be maintained at the various LAPD Divisions as back-up and to facilitate the correction of data as necessary.

The City's Information Technology Agency is developing the Stop Information System, for housing the collected data.

Two training sessions regarding traffic and pedestrian stop data collection for Training 26 27 Coordinators have been completed. Follow-up to ensure all Training Coordinators received training 28 is on-going.

The Bureau gang coordinators and the citywide gang coordinator (the Detective Support Division Commanding Officer) coordinate the Bureau-wide and citywide activities of these units, provide training and technical assistance, and are involved in coordinating and providing information for the audits of these units.

> b. Eligibility criteria for selection of a non-supervisory officer in these units shall include that officers have completed probation, have acquired a minimum number of years as a police officer in the LAPD, and have demonstrated proficiency in a variety of law enforcement activities, interpersonal and administrative skills, cultural and community sensitivity, and a commitment to police integrity. Without the prior written approval of the Chief of Police, a non-supervisory officer shall not be reassigned to a unit until 13 LAPD Deployment Periods have elapsed since their previous assignment in these units.

c. Eligibility criteria for selection as a supervisor in these units shall include that supervisors have one year experience as a patrol supervisor, have been wheeled from their probationary Area of assignment, and have demonstrated outstanding leadership, supervisory, and administrative skills. # V. CONFIDENTIAL INFORMANTS

**Decree** ¶108

### Decree Language:

"108. The LAPD has developed and shall continue to implement procedures for the handling of informants. The procedures include and LAPD shall continue to require the following:

a The use of informants by LAPD personnel is limited to those nonuniformed personnel assigned to investigative units, such as Area Detective, Narcotics Division, and Specialized Detective Divisions. Personnel in uniform assignments shall not maintain or use informants.

b. An officer desiring to utilize an individual as an informant shall identify that person by completing an informant control package.

c. The officer shall submit that package to his or her chain-of-command supervisor for review and approval by the appropriate manager prior to utilizing that individual as an informant, which review shall be for completeness and compliance with LAPD procedures.

d. Each informant shall be assigned a Confidential Informant ("CI") number.

e. The commanding offices shall be responsible for ensuring that
informant control packages are stored in a secure location that provides for restricted
access and sign-out approval by the officer in charge or watch commander. There
shall be a written record including each accessing officer's name and date of access in
the informant control package.

(f) Informant control packages shall not be retained beyond end of watch without approval of the officer in charge or watch commander.

(g) Whenever information is supplied by an informant whom the investigating officer has not used as a source within the past three months, the officer shall check the Department-wide undesirable informant file and update the individual's informant control package prior to acting on such information.

h. Investigating officers shall be required to confer with a supervisor prior to meeting with an informant; document all meetings, significant contacts, and information received from an informant in the informant control package; inform their supervisor of any contact with an informant; and admonish the informant that he or she shall not violate any laws in the gathering of information.

i. Supervisors shall be required to meet with each confidential informant at least once prior to the information control package being submitted to the commanding officer. The quality of supervisors' oversight with respect to adherence to LAPD guidelines and procedure regarding informant use by officers under his or her command and such supervisors' own adherence thereto, shall be factors in such supervisor's annual personnel performance evaluation.

j. Whenever an officer takes action based on information supplied by an informant, the officer shall document the information supplied, and the results of the investigation, in the individual's informant control package."

	The confidential informant procedures included in paragraph 108, with the exception of the
	second sentence of paragraph 108(i), are current LAPD practice (Operational Order No. 1, "Use of
	Informants by Department Personnel," January 14, 2000).
	The second sentence of Paragraph 108(i), regarding supervisor's performance evaluation
	considering supervisor's oversight and adherence to confidential informant procedures, has been
	identified as a meet and confer item. A review of the LAPD Employee Evaluation Guide has been
	initiated and will include consideration of the provision 108(i) (see paragraph 54). To assist with th
	meet and confer process and to expedite implementation of paragraph 108(i) should it turn out to be
	the result of the meet and confer process, the LAPD has developed draft performance evaluation
	forms. The draft form naturally would be subject to modification should the meet and confer proces
	lead to different resolutions.
	Audit Results: An audit of confidential informant files was conducted pursuant to paragrap
	125(c) (see also paragraph 125). Although the requirements of the Consent Decree were not
J	effective during the period covered by the audit, the procedures established in paragraph 108 were

current procedure during the period covered by the audit. The audit identified some deficiencies in confidential informant files, such as consistency in file format and content and the need to archive confidential informant files for informants no longer used. Additional supervisory oversight after payment to a confidential informant was also recommended in the audit, an area not addressed by the Consent Decree. The Inspector General's review of the audit pursuant to paragraph 135, concurred with the findings of the confidential informant file audit, identified some concerns with the auditing methodology and sampling size, and recommended that photographs included in confidential informant files be updated. Recommendations to remedy deficiencies identified were included in the audit report and are being considered and/or implemented.

The computer for the confidential informant database was available and installed, software program written, and staff responsible for maintenance of the confidential informant database identified by July 1, 2001. However, there was significant concern regarding the security of the information, including the process for obtaining existing confidential informant information for in-put and to update the data base as new confidential informants were identified.

The City needed additional time to evaluate the potential options to address the security concerns identified. # VI. DEVELOPMENT OF PROGRAM FOR RESPONDING TO PERSONS WITH **MENTAL ILLNESS**

**Decree** ¶111

# **Decree Language:**

"111. Within one year of the effective date of this Agreement, the Department shall: (a) conduct an in-depth evaluation of successful programs in other law enforcement agencies across the United States dealing with police contacts with persons who may be mentally ill; and (b) conduct an in-depth evaluation of LAPD training, policies, and procedures for dealing with persons who may be mentally ill, including detailed reviews of at least ten incidents since January 1,1999 in which a person who appeared to be mentally ill was the subject of a Categorical Use of Force and at least 15 incidents since January 1,1999 is which the LAPD mental health evaluation unit was contacted."

#### 1 Activities:

The City released a request for proposals (RFP) for professional services to assist the City in evaluating successful programs for dealing with potentially mentally ill persons on July 18, 2001. The DOJ and Independent Monitor were queried for entities which should be included on the City's RFP mailing list. Proposals were due on August 14, 2001. All proposals received were deemed nonresponsive due to non-compliance with standard City requirements. The RFP was re-released on August 27, 2001, with a proposal due date of September 24, 2001. Proposers were interviewed October 10, 2001. It is anticipated that funds in excess of the \$150,000 allocated for consultant services will be required. The City is in the process of identifying funds available for such consultant services.

The LAPD initiated a pilot program, Crisis Intervention Team, for first responders to better 13 14 deal with people who are mentally ill in June 2001. The program is modeled after similar programs in Memphis, Tennessee and Albuquerque, New Mexico. Forty hours of training were provided to 36 16 officers and sergeants on tactics, negotiations, and recognition of mental illness in June 2001. A 17 second training session was planned for September, 2001; however with the events of September 11, 18 2001, all September training was cancelled. The training program will be updated to reflect 19 suggestions from the students who received training in June. The pilot program is scheduled to be 20 evaluated in mid-November, 2001. 22

### Activities:

The provisions of paragraph 114, with the exception of the use of TEAMS II and compliance with paragraph 51, are the existing LAPD practices (Employee Selection Manual pages 3-5 and 7-9). 4 Paragraph 51(d) has been identified as a meet and confer item and therefore the provision of 5 paragraph 114 which refers to the requirements of paragraph 51 has been identified as a meet and 6 7 confer item (see paragraphs 51 and 184). To assist with the meet and confer process and to expedite 8 implementation of the provisions of paragraph 114 identified above (should they turn out to be the 9 result of the meet and confer process), the LAPD has developed a draft form to assist Department 10 managers in the review and consideration for personnel assignments. The draft form naturally would 11 be subject to modification should the meet and confer process lead to different resolutions. 12

The RMIS and its protocols for use are under development and will include the provisions of paragraph 114 (see paragraph 47).

The LAPD Audit Division became operational on April 8, 2001, with the formal duties for the Division established in Special Order 16, distributed July 11, 2001. The LAPD's existing Inspection and Control Division was incorporated into the Audit Division. In FY 00-01 twelve additional staff were provided to the Audit Division to assist in the drafting of the Annual Audit Plan, required to be completed by June 1, 2001. The additional twelve staff were continued in FY 01-02. Eleven of the twelve staff positions have been filled.

Upon adoption of the Annual Audit Plan by the Police Commission on June 5, 2001, an assessment of the workload associated with the Annual Audit Plan was completed and an additional 16 staff positions were authorized for FY 01-02 by City Council in July, 2001. None of the 16 staff positions authorized have been filled to date.

Substantial additional space for the new Audit Division staff, co-located with the existing staff previously located in Inspection and Control Division, was required. Appropriate lease space was identified and funded in August 2001.

The Annual Audit Plan approved by the Commission on June 5, 2001, contains all Consent Decree mandated audits as well as 12 additional topics identified by the LAPD. The Commission on acting upon the Plan requested some modifications to the Plan to be included at the Quarterly Audit Report. The first Quarterly Audit Report is scheduled for October 15, 2001.

Training of Audit Division staff is on-going, with training opportunities and options being reviewed by the LAPD.

The Commission approved the hiring of an auditing consultant to assist in developing auditing methodologies. Contract negotiations are currently in process.

With the development of the Audit Division first initiated April 8, 2001, the audits undertaken pursuant to paragraph 125 were necessarily performed by various LAPD entities.

The Criminal Intelligence Group performed the audit on warrant applications (125(a)). The audit was completed on June 21, 2001. After review by management, the audit was submitted to the Commission on June 29, 2001. A summary of the audit results is presented in paragraph 7.

The Audit Division performed the audit on arrest and booking reports (Paragraph 125(b)). The audit was completed June 14, 2001. After review by management, the audit was submitted to the Commission on June 29, 2001. A summary of the audit results is presented in paragraph 70.

The Criminal Intelligence Group performed the audit on confidential informant packages (125(c)). The audit was completed on June 21, 2001. After review by management, the audit was submitted to the Commission on June 29, 2001. A summary of the audit results is presented in paragraph 108.

Consistent with the requirements of paragraph 131, the OHB Detective Services Division performed the audit on Special Enforcement Units (125(d)). The LAPD conducted a comprehensive audit of gang details in June 2000, resulting in several recommendations. The audit conducted pursuant to paragraph 125(d) was therefore a focused follow-up audit to that previous comprehensive effort. The audit was completed on June 22, 2001. After review by management, the audit was submitted to the Commission on June 29, 2001. A summary of the audit results is presented in paragraph 106.

The Audit Division has been made responsible for ensuring that recommendations from all paragraph 125 audits are appropriately considered and/or implemented. On August 1, 2001 the Audit Division distributed correspondence to affected Commands directing the Commands to review the results and recommendations of the audits, take appropriate actions, and report back in writing to

the Audit Division regarding actions taken by September 24, 2001. The Audit Division is reviewing
 the responses of affected Commands and will follow-up as appropriate.

Regular and periodic audits of the various activities covered by paragraph 125 will be undertaken pursuant to paragraphs 128 and 131. Such regular reviews will assist in ensuring implementation of recommendations and continued compliance with the provisions of the Consent Decree. Audits for arrest and booking reports and for specific areas covered by paragraph 131 will be initiated in the second quarter of FY 01-02 (October –December) (See paragraph 128 and 131).

#### C. Inspector General Audits

Decree ¶135

### **Decree Language:**

"135. The Inspector General shall be provided with copies of all reports of specified audits prepared by the LAPD and audits prepared in compliance with paragraphs 111, 113, 125, 126, 133 and 134 within one week of the completion thereof and with copies of all sting audits as required by paragraph 127. The Inspector General shall evaluate all such audits to assess their quality, completeness and findings. Upon request from the Inspector General, the LAPD shall forward any other LAPD audit report requested to the Inspector General within one week of such request, and the Inspector General, at his or her discretion where he or she deems appropriate, or upon direction from the Commission, may evaluate these audits. The Inspector General shall deliver its evaluations in writing to the Police Commission."

The Inspector General reviewed the audits prepared by LAPD in compliance with paragraph 125 and submitted a reports to the Commission August 2, 2001. See paragraphs 70, 72, 106, and 108 for a summary of the Inspector General's review.

The requirements of the Consent Decree increase the auditing duties and the review responsibilities of the Inspector General. The Office of the Inspector General was provided "temporary" position authorities in FY 00-01 to assist with the Rampart Independent Review Panel. At the conclusion of the Rampart Independent Review Panel in early 2001, those position authorities were continued for Consent Decree implementation purposes. In FY01-02 those positions were regularized.

2 The City was in partial compliance with paragraph 136 on July 1, 2001, with full compliance achieved July 30, 2001. The only area of delayed compliance was in response to the two new types 4 of Categorical Uses of Force established by the Consent Decree (definition in paragraph 13): head strikes with an impact weapon and canine bites that result in hospitalization. Although the 6 7 Commission adopted a Use of Force Policy defining Categorical Use of Force in March, the Human Resources Bureau Notice codifying the definition was published for implementation by field personnel on July 30, 2001 (see discussion in paragraph 56). It is the current policy and practice of 10 the Commission that the Inspector General and the Commission review all Categorical Uses of Force 11 consistent with requirements of paragraph 136 (see also paragraph 67 and 142). 12

The Office of the Inspector General reviews every Complaint Form 1.28 investigation 13 14 conducted by the LAPD, with the exception of failures to appear, failures to qualify, and preventable 15 traffic collisions. In the event the Office of the Inspector General recommends additional 16 investigation, reconsideration, or notes concerns, a memo is submitted to IAG. A summary of the 17 complaint investigation reviews is provided in the Office of the Inspector General's monthly activity 18 report provided to the Commission, which are placed upon the Commission agenda for 19 consideration. 20

It is anticipated that the Office of the Inspector General will audit non-categorical uses of force in the third quarter of FY 01-02 (January-March).

#### **Decree Language:**

"142. The Commission and Inspector General shall continue to review and evaluate all Categorical Uses of Force. The Commission shall determine whether the officer's conduct conforms with LAPD policies, procedures, and the requirements of this Agreement, and so inform the Chief of Police. The Commission shall annually issue a publicly available report detailing its findings regarding these incidents."

Compliance Action: March 6, 2001, Commission Motion regarding Categorical Use of Force;
 implementing Human Resources Bureau Notice (HRB) Notice entitled "Categorical Use of Force
 Classifications and Investigative Responsibility" approved and distributed July 30, 2001, Use of
 Force Review Section process re-affirmed by the Police Commission July 17, 2001.

<sup>21</sup> Activities:

The City was in partial compliance with paragraph 142 on July 1, 2001, with full compliance achieved July 30, 2001. The only area of delayed compliance was in response to the two new types of Categorical Uses of Force established by the Consent Decree (definition in paragraph 13): head strikes with an impact weapon and canine bites that result in hospitalization. Although the Commission adopted a Use of Force Policy defining Categorical Use of Force in March, the Human Resources Bureau Notice codifying the definition was published for implementation by field

personnel on July 30, 2001 (see discussion in paragraph 56). It is the current policy and practice of the Commission that the Inspector General to review all Categorical Uses of Force consistent with requirements of paragraph 142 (see also paragraph 67). The Use of Force Review Section process, which includes investigation time lines, was re-affirmed by the Police Commission July 17, 2001.

The City has experienced difficulty complying with provision of paragraph 143, which requires that procedures approved by the Chief of Police be placed on the Agenda within 14-days. Procedures approved by the Chief of Police and required for Consent Decree implementation have been adopted by the Police Commission. However, as documented in the "Compliance Action" section of each specific paragraph is this report it has taken greater than 14 days in most cases for procedures approved by the Chief of Police to be presented to the Commission for consideration. This discrepancy was first discovered during drafting of the status report to the Court.

The LAPD and the Police Commission have established a procedure to track to procedures approved by the Chief of Police related to Consent Decree implementation to ensure timely consideration by the Chief of Police. One remaining item has been identified, IAG Notice, "Internal Affairs Investigation Transition Plan," approved by the IAG and distributed September 17, 2001. This notice has been identified as requiring approval by the Commission. The newly developed tracking procedures are anticipated to remedy this discrepancy in the future, and therefore the City considers itself in compliance at this time.

23

24

25

The Commission has acted to approve policy changes, consistent with the provisions of paragraph 143 (see paragraphs 55 and 78).

Consideration of the audits completed pursuant to paragraph 125 and the Inspector General's 26 27 review of those audits (see paragraph 135) was scheduled for consideration by the Commission at the 28 "new" Commission's first meeting on August 21, 2001. After brief discussion, the item was

The procedure of LAPD providing the Inspector General with all complaint information and the Inspector General reviewing of such information is current LAPD practice (City Charter Section 573).

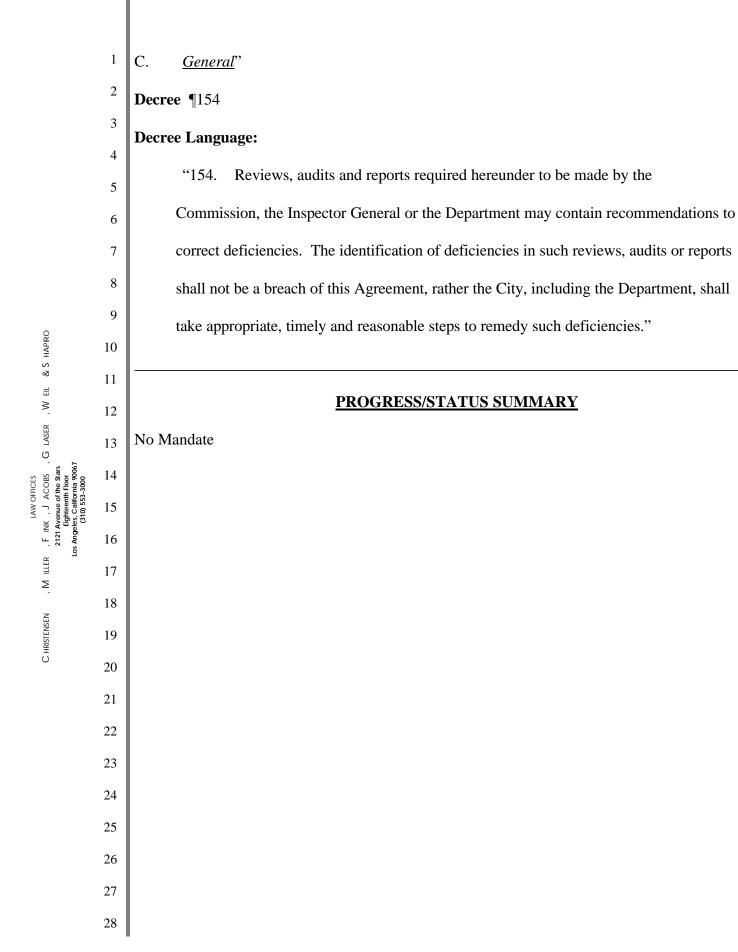

The Inspector General reported that in June, 2001, the LAPD failed to provide complaint

Any additional persons or entities associated by the Monitor shall possess the following attributes: a reputation for integrity, evenhandedness, and independence; absence of bias, including any appearance of bias for or against the DOJ, the City, the Department or the officers or employees; and no personal involvement in the last five years, whether paid or unpaid, with a claim or lawsuit against the City or the Department or any of their officers, agents or employees unless waived by the parties, which waiver shall not be unreasonably withheld. The Monitor shall notify in writing the DOJ and the City if and when such additional persons or entities are selected for association by the Monitor. The notice shall identify the person or entity to be associated and the monitoring task to be performed, and if a waiver is being requested, the notice shall indicate if the person had any such involvement in the last five years, whether paid or unpaid, with a claim or lawsuit against the City or the Department or any of their officers, agents, or employees. Either the DOJ or the City may notify in writing the Monitor within 10 days (excluding weekends, and federal or state holidays) of any objection either may have to the selection. If the parties and the Monitor are unable to resolve any such objection, and the Monitor believes that the specific person or entity in question is needed to assist the Monitor and such person or entity satisfies the qualifications and requirements in this paragraph, the Monitor may seek Court authorization to hire such person. For purposes of all paragraphs of this Agreement other than the preceding paragraph, the term Monitor shall include any and all persons or entities that the Monitor associates to

"184. The following shall be the implementation of paragraph 8:

a. As part of any meet and confer or consulting process demanded by an employee bargaining unit (as described in paragraph 8), the City shall discuss and seek to resolve with such bargaining unit any disputes or uncertainties regarding which provisions are subject to such process. The City will identify and provide to such bargaining unit, with a copy to the DOJ, the provisions of this Agreement that it believes are subject to the process being demanded. The City shall report to the Court and the DOJ on the results of any such discussion on this question within 30 days of the date the Complaint in this action is filed. In the event that the City and such bargaining unit are unable to resolve the list of the provisions of the Agreement that are subject to that process, the City shall seek declaratory relief from this Court to resolve such issue, provided that such bargaining unit shall receive notice and an opportunity to be heard by the Court on this issue.

b. Following the resolution of say dispute or uncertainty regarding the issues subject to a demanded process, the City shall continue with that process and shall report to the Court and DOJ on the progress every 30 days, and (i) shall attach proposed agreements with the applicable bargaining wait relating to provisions of this Agreement as they are resolved or unilateral actions (as defined by subpart (f) of this paragraph) by the City arising from the meet and confer process as they are determined and (ii) shall identify provisions identified pursuant to subpart (a) of this paragraph that are scheduled for implementation within 45 days. With regard to a matter that is not a subject of mandatory bargaining, the City shall not propose or enter into any such agreement with a bargaining unit that will adversely affect the City's timely implementation of this Agreement. With regard to all such agreements with a bargaining unit and all such unilateral actions, the City shall not make them effective before the expiration of 45 days after such proposed agreement or unilateral action is reported to the Court and DOJ. The time for implementation of any provisions of this Agreement affected by such agreement with a bargaining unit concerning a mandatory subject of bargaining or such unilateral action shall be extended for such 45-day period. Upon receipt by DOJ of any such proposed agreement or unilateral action, the parties shall consult to determine whether, and if so to what extent, such proposed agreement or unilateral action would adversely affect the City's ability timely to implement any provision(s) of this Agreement. If the parties determine that implementation of such proposed agreement or unilateral action would not significantly impact the City's ability to implement the affected provision(s) of this Agreement, DOJ shall waive some or all of such 45-day period, and the City shall initiate such implementation. If such determination is not made, the parties shall discuss appropriate clarifications or modifications to this Agreement. Where the parties believe that a modification of this Agreement is appropriate, they shall present such modification to the Court for its consideration pursuant to paragraph 180, and the implementation date for the affected provision(s) of this Agreement shall be extended while the matter is before the Court unless the Court orders earlier implementation. Any motion concerning a proposed bargaining agreement or unilateral action shall be brought during the 45-day period and shall not be governed by the notice requirements of paragraph 186.

c. In the event that the City believes the meet and confer process, consultation, or any such proposed agreements with the applicable bargaining units or such proposed unilateral actions resulting from the meet and confer process, will impair the City's ability timely to implement one or more provisions of this Agreement, and the DOJ and the City are unable to agree on an appropriate resolution, then the City shall so report to the Court and shall seek appropriate declaratory or injunctive relief (including specific performance) on such provision(s). The DOJ also may seek relief from the Court in the event that DOJ believes the meet and confer process, consultation, or any such proposed agreements with the applicable bargaining units or such proposed unilateral actions will impair the City's ability timely to implement one or more provisions of this Agreement, and the DOJ and the City are unable to agree on an appropriate resolution. Any such motion shall demonstrate how the City would be so impaired.

d. In ruling on a motion under this paragraph, paragraph 8, or in regard to any meet and confer issue identified pursuant to subpart (a) of this paragraph, the Court shall consider, *inter alia*, whether the City's proposed agreements with the applicable bargaining units or proposed unilateral actions that address provision(s) of this Agreement are consistent with the objectives underlying such provision(s) and whether the City has satisfied its labor relations obligations under state and local law. On any such motion, if the City has engaged in good faith efforts (including consideration of the manner in which the City carried out any applicable meet and confer or consulting obligations) to be able to implement this Agreement in a timely manner, the City (i) shall not be in contempt or liable for any other penalties, and (ii) may be potentially held in breach for such provision(s) only for the limited purpose of the issuance of

declaratory or injunctive remedies (including specific performance), but may not be regarded as in breach for any other purpose.

e. In the event that DOJ believes the meet and confer process, consultation, or any such proposed agreements with the applicable bargaining units or unilateral actions resulting from the meet and confer process, will impair the City's ability to implement one or more material provision of this Agreement, the DOJ may alternatively file a motion seeking to dissolve this Agreement, which motion shall be granted if the Court finds that the meet and confer process, consultation, or such proposed bargaining agreements with the applicable bargaining units or such proposed bargaining agreements with the applicable bargaining units or such proposed unilateral actions will preclude meaningful implementation of one or more material provisions of this Agreement as contemplated on the date the DOJ's Complaint was filed. Should the Court grant a motion by the DOJ to dissolve this Agreement, the DOJ may commence litigation in this case to seek relief based on its Complaint.

f. The term "unilateral action" shall mean an action taken by the City as management at the conclusion of the meet and confer process on a mandatory subject of bargaining to implement its last, best, and final offer where (i) agreement could not be reached in the negotiations, (ii) any required impasse resolution procedure has been followed, and (iii) management has decided to make a unilateral implementation at the point of ultimate impasse."

#### PROGRESS/STATUS SUMMARY

<sup>28</sup> **Due Date**: July 15, 2001

1 **Current Compliance Status:** Compliance 2 **Compliance Action**: In-Progress 3 **Funding**: **FY 00-01**: \$ 17,735 4 **FY 01-02**: \$24,892 5 Staffing: FY 00-01: 2 Sergeant II 6 7 FY 01-02: continuation of FY 00-01 staffing, plus: 2 Sergeant II 8 Space: NA 9 **Activities:** 10 To ensure adequate staff resources to accommodate the meet and confer process established 11 by the Consent Decree and meet the City's obligations to review Consent Decree related 12 implementing Orders for potential meet and confer issues, additional staff was provided to the LAPD 13 14 Employee Relations group. 15 Consistent with the requirement of paragraph 184(a), on July 13, 2001, the City provided to 16 appropriate sworn and civilian bargaining units, with a copy to the DOJ, a list of the provisions of the 17 Consent Decree that are subject to the meet and confer process. Consistent with the requirements of 18 the paragraph 8, the City consulted with DOJ prior to submittal of that list to the bargaining units. 19 20 21 The following Consent Decree paragraphs, or portions thereof, have been identified as meet 22 and confer items: 47(I), 51(D), 54, 62, 70(C), 77, 98, 106 (b), (c), and (d), 107(a) and (c), 108(i), 23 114, and 132. In addition, the Los Angeles Police Protective League has initially identified 24 provisions relating to TEAMS II access and use, pedestrian and motor vehicle stop data collection, 25 selection criteria for assignments, and other provisions as potential meet and confer items. The City 26 27 and the Los Angeles Police Protective League have been in negotiations regarding the various

provisions identified as potential meet and confer items since August, 2001. The City has provided

separate status reports to the Court every 30-days since July 15, 2001, regarding that process. The
 next meet and confer status report is scheduled to be submitted to the Court on October 15, 2001.

The pendency of the meet and confer process has delayed the implementation of all or portions of paragraphs 51, 62, 70(c), 77, 98, 106(b), (c), and (d), 107(a) and (c), 108(i), 114, and 132 past the June 15, 2001 or July 1, 2001 implementation dates established in the Consent Decree for those provisions. The proposed Consent Decree containing these implementation dates had been lodged with the Court on November 3, 2000, but was not approved and entered by the Court until June 15, 2001.

Despite these delays, however, and consistent with its legal obligation to meet and confer in good faith, the City has prepared certain orders and forms to assist with the meet and confer process and to expedite implementation of some of the provisions identified above should they turn out to be the result of the meet and confer process. Such orders or forms naturally would be subject to modification should the meet and confer process lead to different resolutions. Information regarding such preliminary implementation activities is presented in the "activities" discussion for each specific paragraph.

Additional provisions may become part of the meet and confer process. The City may identify additional provisions. As noted above, a number of provisions have been so identified by the Los Angeles Police Protective League. To the extent that the City or an employee bargaining unit representative identifies additional issues as meet and confer items and where they ultimately become regarded as such under the procedure set out in paragraph 184(a), the pendency of the meet and confer process as to any such additional provision could, depending on the provision, affect the timeliness of its implementation.
