## CONSENT DECREE MANDATED AUDIT SUMMARIES

### Third and Fourth Quarter, Fiscal Year 2002/2003 Prepared by Audit Division

During the time period of January 1 through June 30, 2003, Audit Division (AD) completed and submitted three audits which are summarized below:

- *Use of Force Skeletal Fracture Audit*, dated January 13, 2003;
- *Confidential Informant Control Packages Audit*, dated Fourth Quarter – Fiscal Year 2002/2003; and,
- *Complaint Investigations Interim Report* dated April 30, 2003.

#### Use of Force Skeletal Fracture Audit

This one-time Consent Decree (CD) mandated audit examined all completed use of force investigations in which the force used resulted in a skeletal fracture to the person upon whom force was used. The audit examined all uses of force (UOF) resulting in skeletal fractures that occurred from September 1, 2001 (the date that the Department began tracking such UOF investigations) through August 31, 2002. During that one-year time period, there were 13 completed skeletal fracture UOF investigations; seven of which were Categorical UOF investigations, and six of which were Non-Categorical UOF investigations.<sup>1</sup>

An examination of the 13 investigations revealed no substantive patterns among officers or work groups, though several procedural deficiencies were found. Chief among those was a finding that in all three of the arrests where a suspect was transported to a hospital immediately, watch commanders failed to document that a field supervisor was dispatched to conduct a pre-booking inspection and interview of the suspect in accordance with CD paragraph 73.

One of the objectives of the audit was to recommend potential reforms to the Department's response to such injuries, including the feasibility and desirability of including uses of force resulting in fractures within the definition of a Categorical Use of Force. The audit determined that the current criterion of hospitalization should remain as the determining factor between Categorical and Non-Categorical uses of force. Though the addition of about six additional investigations annually would not overburden Critical Incident Investigation Division, the audit did not disclose any compelling need to expand this definition. Additionally, the determination that a skeletal fracture has occurred can take several hours, especially during those times when emergency hospitals are particularly busy. The longer the assignment of investigative responsibility is delayed, the more stale crime scenes and witnesses become.<sup>2</sup>

---

<sup>1</sup> Subsequent to the completion of this audit, two more skeletal fracture UOF investigations were completed that occurred during the same one-year period.

<sup>2</sup> Audit Division's current audit of Categorical Use of Force investigations revealed that the criterion of hospitalization too was problematic. Use of force incidents that ultimately resulted in hospitalization often took hours, days, or weeks for the hospitalization to occur, substantially delaying the affixing of investigative responsibility and negatively impacting notifications.

### **Confidential Informant Control Packages Audit**

Between January 15, 2003, and March 12, 2003, Audit Division examined all 65 of the Department's active informant packages in accordance with CD paragraphs 128, 108, and 109. All 65 informant packages documented sufficient facts for justifications and motivation to use the informant. Although the audit did not uncover any instances of inappropriate informant usage, very few of the packages reviewed were found to be in compliance with CD mandates. Reasons for non-compliance included missing, incomplete, or incorrectly completed forms; missing documentation (especially related to meetings with informants); and lack of evidence of commanding officer review prior to using the informant.

### **Complaint Investigations Interim Report**

During 2002, Audit Division reviewed 59 completed Personnel Complaint Investigations that were reported to the Department on or after August 1, 2001, and closed between January 1 and March 31, 2002. Due to personnel shortages, AD was unable to conduct an audit what would satisfy the requirements of CD paragraph 129, rather, the work done was intended to identify areas within the personnel complaint process that require improvement.

Several areas were identified during the review that require improvement, and several areas were identified for which the Department has already taken steps to improve. Internal Affairs Administrative Division has taken many positive steps in the past year that will enable the Department to move more quickly toward CD compliance. Included in those steps are the publishing of Administrative Order No. 5, which standardizes the contents of the reply letter to a complainant; an increase in the number of Internal Affairs Group case biopsies; and the on-line publication of *Complaint Investigations: A Guide for Supervisors*.

The review also uncovered as-yet-unresolved problems with documentation. The CD requires that complainants and witnesses be interviewed at sites and times convenient for them; this information, however, was not documented in the reports. Group interviews are prohibited; however, in most cases the investigating officer did not specifically note that no group interviews had been conducted. Notification to accused employees and their supervisors, although required, was rarely documented. There was a general lack of documentation supporting the investigator's efforts to collect and preserve evidence and to canvass the scene. Finally, AD's difficulty in locating audiotapes of interviews illustrates both problems with documentation and with the proper booking of these tapes.

Of final note is the discovery that very few investigators assigned to Internal Affairs have access to employee's TEAMS reports.

## SUMMARY

---

This book summarizes a nine-month study conducted by RAND for the Los Angeles Police Department (LAPD, also hereafter referred to as the Department). The City of Los Angeles entered into a consent decree with the U.S. Department of Justice. The objective of this book is to provide analyses and recommendations to assist the LAPD in meeting the requirements outlined in paragraph 133 of this decree, ultimately enabling the LAPD to better serve the interests of the people of Los Angeles through improved training in five critical areas. These areas are use of force, search and seizure, arrest procedures, community policing, and diversity awareness.

Early in our investigation, it became apparent that many of the Department's training problems share a common foundation. Even though the problems encompass many varied topics and training challenges, they are systemic in nature and require a unified approach to change. We recommend that the LAPD clearly and consistently communicate expectations for appropriate LAPD officer behavior. Many officers conduct themselves in a manner that community and Department norms would deem appropriate. Others do not. We suggest that the first essential step to improving police training is to establish and communicate a common foundation for police performance—a redefined professionalism.

Police professionalism as described herein refers to a very specific and widely recognized construct. It is distinct from the notion of police professionalism that was prevalent in 1950s and 1960s policing. The police professionalism that we posit instead is Samuel Huntington's (1957) far wider ranging three-tiered approach based on the tenets of corporateness, responsibility, and expertise.

Not everyone accepts that police can attain professional status. However, many, the authors among them, find evidence to support a more positive perspective. Los Angeles Chief of Police William J. Bratton concurs, plainly stating that he “resents the concept that policing is not a profession.”<sup>1</sup>

The Huntington concept of professionalism provides the basis for communicating the meaning of service as a police officer in the City of Los Angeles. Other organizational and leadership philosophies fit within this concept to include ethics-based, integrity-centric community policing. Competency-based training is also related to these endeavors. Professionalism accepts that personnel cannot be trained for every event, but they must be prepared to handle any eventuality, to think on their feet, and to react with appropriate legal, moral, and ethical behavior. The authors realize that advancing a notion of a redefined professionalism may unsettle some who see the old professional era of policing as a failed model. Nevertheless, we trust that most will understand that what is presented herein is a much needed new start and potentially very effective means of

molding a force that will serve the people of Los Angeles well.

The governing concept of this new professionalism will provide an important underpinning for correction of weaknesses within the LAPD training realm. One overarching and five primary recommendations form the basis for addressing these shortcomings. Each is complemented by numerous additional and more detailed supporting recommendations. Appendix M provides a consolidated listing of all such recommendations for ease of reference.

The following is our overarching recommendation:

The Los Angeles Police Department should adopt a concept of police professionalism that incorporates the tenets of corporateness, responsibility, and expertise as the mechanism for guiding the development and execution of its training, to include training in the areas of use of force, search and seizure, arrest, community policing, and diversity awareness.

The five primary recommendations are:

- Establish an LAPD lessons-learned program.
- Introduce and maintain consistently high quality throughout every aspect of LAPD training.
- Restructure the LAPD Training Group to allow the centralization of planning; instructor qualification, evaluation, and learning retention; and more efficient use of resources.
- Integrate elements of community-oriented policing (also called “community policing”) and diversity awareness training models throughout LAPD training.
- Develop training on use of force, search and seizure, and arrest procedures that meets current standards of excellence.

This study employed a combination of data collection methods including a review of LAPD and other departments’ written course documents, Department policies, and protocols; observation of instructional sessions; focus groups with police department personnel; interviews with police managers, elected officials, and community members; a case study survey of best practices in the field of policing, both domestic and international; and literature reviews in the areas of adult and police education, policing, use of force, search and seizure, arrest, community policing, and diversity.

Though the five primary areas of study were listed as separate entities in the consent decree, they are in practice not discrete areas of training any more than they are discriminate parts of service on the streets. The five subject areas constitute a core set of competencies that an ethical and effective police officer will regularly employ in concert. We address them accordingly within this book. The days of mandating a given number of hours on community policing, use of force, or other topic areas of concern are past. Such

artificial “stovepiping,” where naturally intertwined topics are handled separately, runs counter to common sense, policing reality, and effective service to society as the client. The new police professionalism requires a greater training sophistication just as it demands greater sophistication of understanding from city government personnel overseeing law enforcement activities, police leaders, and officers on the street. Conducting training founded on police professionalism is of value only if LAPD’s senior leadership stands behind and champions the concept. Department leaders with whom the authors came in contact during the conduct of this study unhesitatingly demonstrated willingness in this regard. There is much reason to believe that a department already proficient in many ways can improve yet further with such leaders at the top and training that promotes the pursuit of professionalism throughout the force.

## CONSENT DECREE MANDATED AUDIT SUMMARIES

### **Special Enforcement Unit Selection Process Audit Prepared by Audit Section, Detective Support Division**

Auditors examined the selection documentation of all 232 personnel selected between March 2000 (when the Special Enforcement Units were established) and March 31, 2002, the date the audit was initiated. This examination served to provide a more complete overview and to identify any deficiencies in the current processes.

Of the 232 personnel selected for review, 162 (70%) had been selected prior to implementation of the Consent Decree. These 162 selections would have minimally been required to follow the eligibility criteria of Administrative Order No. 3 (AO No. 3), "*Activation of the Special Enforcement Unit*", dated March 6, 2000.<sup>1</sup> The lack of documentation for these selections would not have been deemed a deficiency. However, the inability to determine whether AO No. 3 criteria had been met was determined to be a deficiency. Because the remaining 70 (30%) selections would be subject to both the Consent Decree and the retention requirements of the Interim Selection Procedures, auditors deemed the lack of documentation as a deficiency. With this in mind, summaries of findings depicting deficiencies were separated based upon the policies in place at the time of selection.

Of the 232 selection packages examined, 61 police officers (29%) and 9 supervisors (39%) lacked enough retained selection documentation for auditors to establish that either AO No. 3 or Consent Decree eligibility criteria had been met.

During the course of this audit, the Special Enforcement Unit Personnel Selection and Tracking Form was revised to incorporate required selection processes, document review, and information to establish compliance with eligibility criteria. Another result of this audit was Special Order No. 27, July 10, 2003, which was published to address the following areas:

- Qualifications and Requirements.
- Review of Selected Candidates Work History and Evaluation of Findings.
- Gang Enforcement Detail as A Limited Tour Assignment.

<sup>1</sup> Special Order No. 27, *Selection and Assignment To Gang Enforcement Details*, July 10, 2003, supercedes Administrative Order No. 3, 2000.

## **CONSENT DECREE MANDATED AUDIT SUMMARIES**

### **Special Enforcement Unit Arrest, Booking, And Charging Reports Prepared by Audit Section, Detective Support Division**

Auditors examined a total of 499 arrest packages generated by Special Enforcement Units (SEUs) between October 1, 2001 through December 31, 2001. The arrest reports were evaluated to determine the following:

- Completeness
- Authenticity
- Proper Underlying Actions
- Supervisory Oversight

#### **Completeness**

Of the 499 packages evaluated, 212 (42%) were deemed incomplete due to the non-existence of required documentation. The fact that certain documents were missing from a large portion of the arrest packages can be attributed to poor records retention, duplication processes and/or arresting officers' failure to complete the required forms.

#### **Authenticity Review**

The review of authenticity did not reveal any significant patterns of questionable reporting and/or documentation in any single area of analysis. Rather, the findings indicated that relatively small numbers of reports failed one or more of the various categories within the authenticity review of SEUs Department-wide.

#### **Proper Underlying Action**

Seventeen of the 499 arrest packages (3.6%) lacked articulation of the legal basis for action taken in response to the following criteria:

- 1 (.2%) did not articulate a reasonable suspicion for detention
- 7 (1.4%) did not articulate the probable cause for arrest
- 6 (1.2%) indicated a possible Miranda Violation
- 3 (.6%) did not articulate the legal basis to conduct a search

None of the packages failed to articulate the legal basis for evidence seized.

#### **Supervisory Oversight**

Of the 499 arrest packages, 23 (4.6%) booking approvals lacked or had incomplete Watch Commander information and 6 (1.2%) booking approvals lacked the approving

supervisor's signature. In addition, 14 of the reports lacked the approving supervisor's signature.

Recommendations resulting from this audit included the need of publishing a Training Bulletin reminding personnel of existing protocol for the completion of documents associated with arrest reports. Secondly, Audit Division, should include SEUs as strata within their Department-wide audit instead of conducting a separate audit covering the same topics. Lastly, an "Arrest Report Checklist" form should be developed as a guide for supervisors when reviewing arrest reports.

On July 22, 2003, the Los Angeles Police Department's Board of Police Commissioners unanimously approved the third and final draft of the Los Angeles Police Department's Confidential Informant Manual. The publication and distribution of the Informant Manual will establish Departmentwide protocols governing management oversight of informants, and codify the standards for the development, use and maintenance of informants. This publication satisfies earlier recommendations made in the 2000 Board of Inquiry Report, which were later incorporated into the 2001, Consent Decree paragraphs 108,109, and 110.

OFFICE OF THE CHIEF OF POLICE

SPECIAL ORDER NO. 1

January 1, 2003

SUBJECT: DEPARTMENT COMPLAINT PROCESS - REVISED

EFFECTIVE: IMMEDIATELY

**PURPOSE:** In 1998, the Department revised its complaint-reporting procedures to accept, document and investigate all public complaints. This improved our ability to account for such complaints, but impaired the Department's capability for resolving complaints in a timely manner. This negatively impacted complainants, accused employees, as well as field supervisors, whose attention became disproportionately diverted from field duties to investigate the influx of complaints.

The Los Angeles Police Commission recognized this, and directed the Chief of Police to revise the Department's complaint policy to allow greater flexibility in expediting complaints. To facilitate the process, the Commission authorized the creation of complaint resolution procedures as an adjunct to, and in limited circumstances as an alternative to, punitive action.

This Order revises Department policy and procedure regarding the classification, investigation, adjudication, and recordation of complaints. This Order establishes Non-Disciplinary as a new complaint classification, establishes Alternative Complaint Resolution as a method of resolving certain complaints, and activates, deactivates, and revises several Department forms.

**POLICY:** In its discussion of June 18, 2002, the Board of Police Commissioners adopted in concept the following policy statements for handling public complaints:

- \* Hasten resolution of minor complaints;
- \* Maintain ability to track and account for complaints;
- \* Hasten response to complainants;
- \* Improve communication/understanding with the public;
- \* Add an alternative dispute resolution component; and,
- \* Appropriately and better utilize existing police resources.

**PROCEDURE:**

I. **FORMS.** The following Department forms are affected by this Order:

A. **Complaint Form, Form 1.28.0 - Revised.** The Complaint Form, Form 1.28.0, has been revised as follows:

- \* The Complaint Form will now be reproduced in triplicate, which eliminates the need for issuing a separate Personnel Complaint Receipt, Form 1.81.1 (deactivated); and,
- \* A preliminary case screening section is added, for use by the watch commander, section officer in charge (OIC), or civilian equivalent, to identify whether a complaint is to be initially handled as Disciplinary or Non-Disciplinary.

1. **Use of Form.** The form shall be used to document all complaints, and a Complaint Form (CF) number shall be issued for each form.

2. **Completion.** The form shall be completed by a Department supervisor and approved by a commanding officer or chief investigator before the issuance of a CF number by Internal Affairs Group (IAG).

3. **Distribution.** The Complaint Form is a triplicate form set with a designated distribution as follows:

- 1 - Original, forwarded to the Commanding Officer, IAG, within two working days of complaint initiation (or in the event of a weekend, the following business day).
- 1 - Copy, issued to complainant upon his/her initiation of an in-person complaint.
- 1 - Copy, mailed to complainant (with CF number) by IAG.

3 - TOTAL

B. **Alternative Complaint Resolution Acknowledgement, Form 1.28.06 - Activated.** The Alternative Complaint Resolution Acknowledgment, Form 1.28.06, is activated.

1. **Use of Form.** This form is used to document an agreement between the complainant and the involved employee to participate in the Department's Alternative Complaint Resolution (ACR) process.
2. **Completion.** This form shall be signed by all involved parties prior to conducting ACR. The supervisor conducting ACR shall indicate whether ACR was completed by checking the appropriate box and ensuring that the involved parties initial the form.
3. **Distribution.**

1 - Original, attached to and submitted with the Complaint Investigation.

1 - TOTAL

**C. Complaint Adjudication Form, Form 1.28.05 - Activated.**

The Complaint Adjudication Form, Form 1.28.05, is activated and replaces the Notice of Proposed Disciplinary Action, Form 1.88.0 (deactivated), and the Employee Investigative Review, Form 1.88.1 (deactivated).

1. **Use of Form.** This form shall be used to adjudicate all Disciplinary complaints. The form shall also be used to adjudicate Failures to Qualify (FTQ), Failures to Appear (FTA), and Preventable Traffic Collisions (PTC). The form provides an option for a Military Endorsement by the next level reviewer.

**Note:** The Notice of Proposed Disciplinary Action portion of the form shall only be used for tenured civil service employees, where allegations have been sustained and a suspension/demotion, removal/termination, or directed Board of Rights is recommended.

2. **Completion.** A separate form shall be completed for each employee.

**3. Distribution.**

- 1 - Original, attached to the Letter of Transmittal.
- 1 - Copy, to accused employee.

**2 - TOTAL**

**D. Deactivated Forms.** The following forms are hereby deactivated: Notice of Proposed Disciplinary Action, Form 1.88.0; Employee Investigative Review, Form 1.88.1; Complaint History, Form 1.06.2; and, Personnel Complaint Receipt, Form 1.81.1.

**II. ACCEPTING COMPLAINTS.** A supervisor receiving a complaint in-person, by telephone, or in any written form, shall:

- \* Conduct a preliminary investigation, as outlined in *Complaint Investigations: A Guide for Supervisors*;
- \* Complete a Complaint Form, summarizing the complaint and the complainant's statements under the Summary portion;
- \* Tape-record all interviews. If not practical, supervisors shall include a written justification under the Summary portion of the Complaint Form;
- \* Provide the complainant with the bottom copy of the Complaint Form, and advise the complainant that another copy will be mailed out with an assigned case number. If the complaint was made by telephone, leave the triplicate form intact and advise the complainant that a copy will be mailed out by IAG once a case number has been assigned;
- \* Attempt to resolve the matter to the satisfaction of the complainant;
- \* Determine the complainant's willingness to participate in ACR, if appropriate; and,
- \* Submit the Complaint Form and preliminary investigation to the watch commander, section OIC, or civilian equivalent, for review.

**III. INITIAL SCREENING OF COMPLAINTS.** Upon receipt of a completed Complaint Form submitted by a supervisor, the watch commander, section OIC, or civilian equivalent, shall:

- \* Review the Complaint Form for completeness and accuracy, ensuring that a thorough preliminary investigation was conducted;
- \* Using the Preliminary Case Screening box on the Complaint Form, classify the complaint as Non-Disciplinary or Disciplinary (See Attachment A for guidelines);
- \* When appropriate, facilitate the ACR process; and,
- \* Submit the Complaint Form and attachments as soon as practicable to the commanding officer for approval.

**Note:** Complaints received directly by IAG shall be handled in accordance with established guidelines (Manual Section 3/815.25).

**IV. DISCIPLINARY COMPLAINTS.** The procedure for handling Disciplinary cases is not changed by this Order.

**V. NON-DISCIPLINARY COMPLAINTS.** A watch commander, section OIC, or civilian equivalent, may only classify a complaint as Non-Disciplinary when all of the following criteria are met at the time the complaint is initiated:

- \* The complaint, as stated, would not amount to the commission of a felony or misdemeanor crime;
- \* The complaint, as stated, may not result in discipline against the employee, or the complained of act or omission by the employee has no nexus to the employee's position with the Department;
- \* The complaint does not allege any of the following: Unauthorized force; discrimination of any kind; unlawful search and/or unlawful seizure of person or property; dishonesty; domestic violence; improper/illicit use of alcohol, narcotics, or drugs; sexual misconduct; theft, or retaliation/retribution against another employee;
- \* The complaint was not as a result of concerns arising out of a criminal prosecution, or, dismissal of California Penal Code Section 148 charges, or otherwise initiated by a judge or prosecutor acting in their official capacity;
- \* The accused employee has no apparent pattern of similar behavior (should generally be limited to the past five years) for which he/she is accused; and,
- \* The complaint was not initiated in response to civil suits or claims for damages involving on-duty conduct and civil lawsuits regarding off-duty conduct required to be self-reported by employees.

January 1, 2003

**A. Commanding Officer's Role.** A commanding officer who makes a final Non-Disciplinary classification shall review the Complaint Form and select the appropriate disposition:

**Note:** The commanding officer may reclassify a complaint at any time after an initial classification by the watch commander, section OIC, or civilian equivalent.

1. **Policy/Procedure.** The facts of the case revealed that the complaint relates to Department policy/procedure and not to a specific employee's actions.

**Note:** Complaints against Department policy and procedure not specifically addressing an employee's actions shall also be initiated on a Complaint Form. In such cases, the Department shall be named as the accused employee, and the complaint will be adjudicated as Non-Disciplinary. Individuals making complaints against Department policy and procedure shall also be referred to the Department entity having functional oversight of the policy or procedure. If the complainant cannot be satisfied, he/she shall be referred to the Board of Police Commissioners.

2. **Employee's Actions Did Not Rise to the Level of Misconduct.** A preliminary investigation revealed that the allegations did not rise to the level of misconduct and/or the named employee's actions were protected by law or found to be consistent with Department policy or procedure.

3. **Employee's Actions Could Have Been Different.** The facts in the complaint revealed the employee's actions could have been different. However, the employee's act or omission is best addressed through corrective action by the employee's commanding officer. The corrective action(s) taken was:

- \* Counseling;
- \* Training;
- \* Comment card;
- \* Notice to Correct Deficiencies; or,
- \* Referral.

4. **Demonstrably False.** The complaint was demonstrably false, or, demonstrates an irrational thought process, and was consistent with the complainant's established pattern of making chronic or crank complaints.
5. **Department Employee(s) Not Involved.** The preliminary investigation revealed that the complaint did not involve a Department employee(s).
6. **Resolved Through Alternative Complaint Resolution.** The complainant and the employee(s) resolved the complaint through ACR.

**B. Adjudication of a Non-Disciplinary Complaint.** After approving a complaint's final classification as Non-Disciplinary, the commanding officer shall:

- \* Complete and sign the Complaint Form;
- \* Meet with and discuss the complaint with the employee, and provide the employee with a copy of the investigation; and,
- \* Sign the complainant's reply letter, then forward it with the complaint to the next level of review.

**C. Bureau Commanding Officer's Role.** Bureau commanding officers reviewing a Non-Disciplinary complaint, shall:

- \* Sign the Complaint Form if they concur;
- \* Date and send the reply letter to the complainant; and,
- \* Ensure that all closed Non-Disciplinary complaints are forwarded to IAG, along with the original completed investigation and a Personnel Complaint Statistical Form, Form 1.19.

**Note:** The commanding officer's decision on a Non-Disciplinary complaint shall be final unless a substantial justification for changing it can be articulated at the bureau level. If this occurs, the bureau commanding officer will return the Non-Disciplinary complaint to the employee's commanding officer with a written rationale and direction for how to proceed.

**D. Role of Internal Affairs Group.** Internal Affairs Group shall have no review responsibility for Non-Disciplinary complaints after the CF number is issued. Internal Affairs Group shall close out all Non-Disciplinary

complaints upon receipt from bureaus, and file by CF number in the IAG Miscellaneous Files.

**VI. ALTERNATIVE COMPLAINT RESOLUTION - ESTABLISHED.** The watch commander, section OIC, or civilian equivalent, may designate a complaint for ACR when all of the following criteria are met:

- \* The complaint of the alleged misconduct is Non-Disciplinary, or Disciplinary, but minor in nature (e.g., discourtesy, disrespect, or a minor Neglect of Duty, etc.) as alleged by the public;
- \* The employee has no apparent pattern of similar behavior (should generally be limited to the past five years) for which he/she is accused; and,
- \* The complainant and the employee have agreed to participate in good faith.

Generally, the watch commander, section OIC, or civilian equivalent, shall appoint a supervisor to serve as ACR facilitator. However, nothing in this Order precludes a supervisor who is responding to a complaint in the field from utilizing ACR at the time the complaint is made, with concurrence from the watch commander, section OIC, or civilian equivalent.

**Note:** Prior to conducting ACR, assigned facilitators shall review training material prepared by IAG in association with this Order.

**A. General Guidelines for ACR.** When a complainant and/or accused employee indicates a desire for ACR, the process should be expedited. In the event ACR is delayed more than 30 calendar days, absent exigent circumstances, the complaint shall be returned to the commanding officer for classification and adjudication.

Prior to ACR, the complainant shall sign an Alternative Complaint Resolution Acknowledgement. A single ACR session should be sufficient, and all ACR discussions shall be considered confidential.

The presence of outside parties is discouraged; however, the assigned facilitator may exercise discretion in establishing parameters for the ACR session.

Accused employees may not have an employee representative present, nor may a complainant have legal counsel.

Sessions shall not be audio/video recorded. The assigned facilitator shall have the final authority over the ACR session.

**Note:** When the accused employee insists on the presence of an employee representative during ACR, or the complainant requests legal counsel, complaints shall be returned to the commanding officer for classification and adjudication.

- B. Role of Facilitator.** The process of resolving conflict requires all parties to be forthright and willing to accept responsibility. In fact, a full and complete discussion of events may include an admission to the complained of behavior. It is understood that this is part of the resolution process and confidentiality will be maintained. However, should a significant act of misconduct (refer to training materials for examples) come to light, the ACR session shall be stopped and the complaint referred for classification and adjudication.

**Note:** This process does not preclude an assigned facilitator from attempting to resolve the issue through ACR without the employee being present.

- C. Complainant or Employee Withdrawal from ACR.** If, prior to completing the ACR session, either the complainant or the accused employee chooses to withdraw, the complaint shall be referred to the accused employee's commanding officer for appropriate disposition. Likewise, an assigned facilitator may stop the ACR process and refer the case to the commanding officer for appropriate disposition if one or both parties involved are not participating in good faith.

In any of these cases, the complainant and employee shall be advised of the investigation's outcome via established complaint procedures. No prejudice shall be inferred upon either party for withdrawing from ACR.

If at any time after the ACR session is adjourned, the complainant wants to renew the complaint, no new complaint shall be initiated; and, absent new and significant evidence of serious misconduct, no investigation shall be undertaken. The resolution by ACR shall stand, and no further action relative to the incident may be initiated after the completion of ACR.

D. **Challenge to ACR.** If, based on compelling circumstances, a commanding officer determines ACR is not appropriate (due to either the nature of the complaint or the employee's work history), that commanding officer may override a watch commander's decision, even if ACR has already occurred. If this occurs, the commanding officer shall provide the employee with a written rationale, providing substantial justification.

**VII. COMPLAINT ALLEGATION DISPOSITIONS - REVISED.** "No Department Employee" is hereby eliminated as a disposition for misconduct allegations.

In addition to the existing disposition classifications for Disciplinary (formerly Misconduct) allegations as outlined in Manual Section 3/820.20, the following alternate dispositions may be used:

- \* Other Judicial Review (IAG use only);
- \* Insufficient Evidence to Adjudicate;
- \* Duplicate; or,
- \* Withdrawn by the Chief of Police (IAG use only).

**VIII. RECORDATION OF COMPLAINTS.** The record and disposition of all complaints, including Unfounded, Exonerated, and Non-Disciplinary complaints, shall be maintained and accessible as part of the Department's Training, Evaluation and Management System (TEAMS), or any similar system subsequently developed. The records for all complaints shall be retrievable based on current record retention policy from the date reported, and access to such records shall be through IAG on a case-by-case basis. Access to such complaint records shall be on a right-to-know/need-to-know basis.

**Note:** The Office of the Inspector General has full and direct access to Disciplinary and Non-Disciplinary complaint records.

Only Disciplinary complaints in which allegations are Sustained, Not Resolved, or result in a guilty determination at a Board of Rights shall be attributed to the employee's personnel record. All other complaint classifications (including those handled through ACR) shall be filtered from view when the employee's record is being reviewed for pending disciplinary adjudication.

January 1, 2003

Additionally, Not Resolved allegations shall also be filtered from view when the employee's record is being reviewed for the following:

- \* Promotions;
- \* Pay grade increases;
- \* Transfers; or,
- \* Performance reviews.

**IX. LETTER OF TRANSMITTAL FORMAT - REVISED.** The format for the Letter of Transmittal has been revised. The below listed headings are hereby deleted because the information is now captured on the Complaint Adjudication Form:

- \* Penalty;
- \* Employee Interview;
- \* Commanding Officer's Response to Employee; and,
- \* Index.

Non-Disciplinary complaints do not require a Letter of Transmittal.

**FORM AVAILABILITY:** The Complaint Adjudication Form, Form 1.28.05, the Alternative Complaint Resolution Acknowledgement, Form 1.28.06, and the revised Complaint Form, Form 1.28.0, will be available for ordering from the Department of General Services, Distribution Center, in about 90 days and will be placed on the Department's Local Area Network (LAN). Copies of the forms are attached for duplication and immediate use. Complaint Histories, Form 1.06.2, shall be purged from all employees' divisional personnel packages, bundled by Area/division, and forwarded to IAG by February 28, 2003. All other deactivated forms shall be marked "obsolete" and placed into the divisional recycling bin.

**AMENDMENTS:** This Order adds Sections 1/220.20, 3/830.23, 3/830.25, 3/830.27, 5/1.28.05, 5/128.06, amends Sections 3/820.10, 3/820.15, 3/820.20, 3/820.30, 3/833, 3/834.50, and deletes Sections 5/1.88.0, 5/1.88.1, 5/1.81.6, 5/1.06.2, and 5/1.81.1 of the Department Manual.

January 1, 2003

**AUDIT RESPONSIBILITY:** The Commanding Officer, Internal Affairs Group, shall monitor compliance with this directive in accordance with Department Manual Section 0/080.30.

WILLIAM J. BRATTON  
Chief of Police

## COMPLAINT ADVISORY INFORMATION

According to California State law, you have the right to make a complaint against a police officer for any improper police conduct. California law requires this agency to have a procedure to investigate community complaints. You have a right to a written description of this procedure. This agency may find after investigation that there is not enough evidence to warrant action on your complaint. Even if that is the case, you have the right to make the complaint and have it investigated if you believe an officer behaved improperly. Complaints and any reports or findings relating to complaints must be retained by this agency for at least five years.

**HOW TO MAKE A COMPLAINT.** You may make a complaint in person or by calling or writing to any Los Angeles police station or administrative facility. If you write, your complaint does not have to be on any special form. When you make a complaint in person, please ask to speak to a supervisor who can assist you. If you choose to call in your complaint, you may dial toll-free, (800) 339-6868, which is the Internal Affairs Hotline, staffed 24-hours a day. Complaints will also be accepted via facsimile, or electronically via the LAPD website, [www.LAPDonline.org](http://www.LAPDonline.org). If you choose to file a complaint using a

Complaint Form, forms are available at police facilities, City Council field offices, at the Police Commission, 150 N. Los Angeles Street, and at the Inspector General's office, 201 N. Figueroa Street. At a minimum, your complaint should include important facts, such as where the incident occurred, date and time of occurrence, and the name(s) of the involved employee(s), if known. Postage-paid envelopes are also available.

**ALTERNATIVE COMPLAINT RESOLUTION.** The Department offers an alternative approach to resolving public complaints through discussions between the complainant, the involved employee(s) and/or the assigned supervisor, with the goal of arriving at a mutual understanding. If this approach to resolving your complaint interests you, please mention it to the supervisor taking your complaint.

**WHAT HAPPENS AFTER THE COMPLAINT IS MADE?** A Department supervisor will investigate your complaint. The investigation will be assigned to a local police station or to Internal Affairs. The accused employee's commanding officer will review the investigation and render a finding. The findings are reviewed at several other levels, including Internal Affairs. The Chief of Police

will make the final determination on any discipline imposed. You will be notified in writing of the outcome of the findings. We ask your patience, as the process is lengthy but necessary to ensure fairness and thoroughness.

**WHAT IF YOU DON'T LIKE THE OUTCOME OF THE INVESTIGATION?** Your reply letter will explain the general findings of the investigation and whether any discipline was imposed. Discipline can vary in severity and is not appropriate for every incident. Your reply letter will include the name of the commanding officer who rendered the findings. You may call the commanding officer, or you may also contact the Inspector General of the Police Commission, who is responsible for auditing the Department's discipline system. The Inspector General's office may be reached at (213) 202-5866. The address is 201 N. Figueroa Street, Suite 610, Los Angeles, 90012. When discussing your complaint with any member of the Department, please refer to the Complaint File (CF) number in the upper right corner of this receipt. If the CF number is not issued at the time you make the complaint, it will be mailed to you at the address you provide.

### **NOTICE**

2.4

January 6, 2003

**TO:** All Concerned Department Personnel

**FROM:** Commanding Officer, Human Resources Bureau

**SUBJECT:** CONSENT DECREE REQUIRED INFORMATION ON NON-CATEGORICAL  
USE OF FORCE INVESTIGATIONS

Recent audits of Non-Categorical Use of Force Reports have revealed several areas of non-compliance with the Consent Decree. In addition to the required 14-day review by a commanding officer dictated by Paragraph 69 of the Consent Decree, Paragraph 80 prohibits group interviews, requires the interview of all supervisors with respect to their conduct at the scene during a Non-Categorical Use of Force incident and requires evidence to be collected and preserved which includes canvassing the scene to locate witnesses where appropriate.

Effective immediately, all Non-Categorical Use of Force investigations shall have Paragraph 80 information referenced in the report. All interviews will require the addition of information to indicate that each interview was conducted independently or include an explanation why a group interview was conducted (e.g. parent refused to allow minor child to be interviewed outside of their presence or the person refuses to be interviewed alone). Supervisors witnessing the incident will continue to be interviewed and their conduct evaluated, as is current policy. To ensure all available evidence was collected and preserved including canvassing the scene to locate witnesses, a notation shall be included in the report.

If there are any questions concerning this Notice, please contact Sergeant Craig Herron, Use of Force Review Section, at (213) 485-6974.

EFFORTS IN PREVENTING RETALIATION

**PURPOSE**

The Department has an established policy that strictly prohibits retaliation (Manual Section 1/272). Additionally, the Department has established reporting and specific preventative measures for retaliation. This Notice serves as a reminder to Department Supervisors and managers of their responsibilities in preventing and reporting retaliation in accordance with Manual Section 3/890.10.

**TO:** All Department Personnel

**FROM:** Commanding Officer, Human Resources Bureau

**SUBJECT:** NON-CATEGORICAL USE OF FORCE REPORTING WHERE AN ARREST IS MADE

The purpose of this Notice is to establish procedures ensuring proper documentation of all evidence concerning a suspect's arrest where a Non-Categorical Use of Force Report has been completed and, additionally, to protect the confidential nature of documentation contained in and attached to the Non-Categorical Use of Force Report.

Established procedures in Department Manual, Section 4/245.10, require that supervisors who complete a Non-Categorical Use of Force Report shall review and approve all reports concerning the arrest of a suspect. During this supervisory review, it is important that issues and evidence related to criminal acts, including the detailed information describing the use of force incident have been properly recorded and corrections made on the related arrest report. After the supervisor's approval of an arrest report, if evidence is discovered that is absent from the arrest report, the supervisor shall complete a Follow-up Report, Form 3.14, to document and include the absent information.

- Witness statements.
- Scene diagrams.
- Documents not previously listed in a crime or arrest report.
- Newly discovered evidence not contained in a crime or arrest report.
- Correction or reconciliation of conflicting information.

Supervisors must be cognizant that certain documents and information attached or included with Use of Force Reports are protected by Penal Code, Section 832.7, and are considered confidential and shall not be disclosed in any criminal or civil proceeding except by discovery pursuant to Evidence Code, Sections 1043 and 1046. This confidential information shall not be

disclosed in any arrest report, crime report or follow-up investigation. This confidential information may include, but is not limited to:

- Critiques of the Use of Force incident.
- Critiques of an officer's tactics.
- Compelled police officer statements.
- Training Evaluation and Management Systems (TEAMS) reports.
- Training and/or counseling documentation.
- Disciplinary issues or actions.
- Watch Commander Logs, Sergeant Logs, Watch line-ups etc.

For misdemeanor filings and those crimes prosecuted by the City Attorney's Office, the supervisor who completes the Follow-up Report shall mark, "Extra Copies to the City Attorney Filing Deputy" in the left margin. For felony arrests prosecuted by the District Attorney's Office, supervisors shall immediately notify the appropriate detective of the Follow-up Report.

**NOTE:** Additionally, supervisors shall document booking numbers and/or DR numbers in the Follow-up Report.

Supervisors are reminded that the Sergeant's Daily Report and the Watch Commander's Daily Report shall be used only to report the occurrence of a Use of Force incident.

Example: "1630 hours: See Use of Force Report."

**FROM:** Chief of Support Services

**SUBJECT:** SEPARATION OF OFFICERS INVOLVED IN A CATEGORICAL USE OF FORCE INCIDENT

The City of Los Angeles and the United States Department of Justice entered into a Civil Rights Consent Decree in June 2001. Consent Decree Paragraph 61 mandates that all involved and witness officers in an officer-involved shooting shall be separated and remain separated until all such officers have given statements. The Department requires that the aforementioned mandate apply to all Categorical Use of Force Incidents. Compliance with this mandate has not been achieved and the Independent Monitor was critical of the Department's performance in this area in their sixth Quarterly Status Report ending December 31, 2002.

Procedures governing separation of officers were previously delineated in Special Order No. 39, 2001. This Notice serves as a reminder to supervisors and watch commanders of their responsibility to ensure that officers involved in or witnessing a Categorical Use of Force incident be separated at the scene, transported separately to the station, and remain separated once at the station, unless logistical problems (e.g., the number of involved officers and/or supervisors) preclude individual separation. Supervisors are reminded that they shall obtain a public safety statement from the involved officers upon their arrival at the scene of a Categorical Use of Force. These procedures are regularly reviewed and analyzed by the Board of Police Commissioners, Inspector General, Chief of Police, Use of Force Review Board and Independent Monitor.

If you have any questions regarding this matter, please contact Sergeant Thomas Casper, Use of Force Review Section, Chief of Support Services at (213) 485-6974.

## OFFICE OF THE CHIEF OF POLICE

**NOTICE**  
3.2.1

March 27, 2003

**TO:** All Department Personnel

**FROM:** Chief of Police

**SUBJECT:** DEPARTMENT CRIMINAL FILING REVIEW PROCEDURES FOR  
EMPLOYEES ACCUSED OF PRIMA FACIA MISCONDUCT

This notice is to clarify the Department's policy governing the submission of complaint investigations against Department personnel to prosecutors for criminal filing consideration by Internal Affairs Group (IAG). The criminal filing procedure has been updated as a result of protocol established by the Los Angeles County District Attorney.

The Los Angeles County District Attorney's policy states:

*"Although law enforcement agencies have the primary responsibility to investigate allegations of misconduct, it is the policy of the Los Angeles County District Attorney's Office that all allegations of criminal misconduct by law enforcement personnel, where probable cause exists to believe that a crime has been committed and the person has committed it, shall be referred to the Los Angeles County District Attorney's Office for review and consideration of filing criminal charges. This policy is applicable to all suspected criminal activity, whether felony or misdemeanor, and whether the member of the law enforcement agency was on-duty or off-duty, sworn or non-sworn."*

**POLICY** – Effective immediately, all complaint investigations of alleged on-duty and off-duty misconduct, by sworn or civilian employees, shall be submitted to prosecutors for criminal filing consideration when:

- The investigation contains a "Sustained" or "Not Resolved" allegation of criminal misconduct (felony or misdemeanor), or
- An investigation has determined that there is probable cause to believe that criminal conduct has occurred, or
- There is a compelling and articulable reason, such as extraordinary public interest in the investigation, or issues on a point of law, either of which would best be resolved by a legal review for filing consideration.

**PROCEDURE** – All investigative reports relative to such allegations shall be presented to the appropriate prosecutor's office through Internal Affairs Administrative Division, Review and Evaluation Section (R&E), *as soon as the investigation is complete*. For the purpose of criminal filing review involving allegations against Department personnel, R&E is designated as the point of contact with prosecutorial agencies.

When the complaint involves the arrest of an employee who remains in custody, the criminal case filing review shall be made by the lead case investigator within the requisite 48-hour period following the arrest, and R&E shall be advised. Complaint investigations that do not involve the arrest of a Department employee, or when the employee has been released from custody, shall be completed by the assigned investigative unit, adjudicated by the concerned commanding officer, and reviewed by R&E in the usual manner. The Officer-in-Charge of R&E is designated as the Criminal Case Filing Coordinator (CCFC). The CCFC shall ensure that all investigations that meet the criminal filing review are submitted to the appropriate prosecutor's office.

**NOTIFICATIONS TO PROSECUTORS** – The prosecutor's office shall be notified as follows.

- In all cases involving serious injury or death, the Justice System Integrity Division (JSID) of the Los Angeles District Attorney's Office shall be contacted immediately. A JSID prosecutor will be assigned to assist and advise in the investigation.
- Whenever a Department employee is suspected of committing a felony or misdemeanor while off-duty, whether within the Department's jurisdiction or that of an outside agency, the JSID shall be notified.

Questions regarding this policy and its related procedures should be referred to the Review and Evaluation Section, Internal Affairs Administrative Division, at (213) 473-6771.

OFFICE OF THE CHIEF OF POLICE

SPECIAL ORDER NO. 19

May 22, 2003

**SUBJECT: OBTAINING A PUBLIC SAFETY STATEMENT AND SEPARATING OFFICERS FOLLOWING A CATEGORICAL USE OF FORCE INCIDENT - ESTABLISHED**

**PURPOSE:** The Consent Decree prohibits the Department from conducting group interviews during administrative investigations, including uses of force. Moreover, separating officers prior to administrative questioning is a long-standing Department practice proven to contribute to the integrity of an investigation. Nevertheless, the first supervisor at a use of force needs certain information immediately to secure the scene, ensure necessary medical treatment is provided, and facilitate the search for any outstanding suspects and/or weapons. This type of information, known as a "public safety statement," must be obtained quickly from as many officers as necessary to identify immediate public safety concerns.

This Order codifies the protocol for obtaining a public safety statement from sworn Department employees, and establishes guidelines for documenting the separation, transportation, and monitoring of involved employees and/or witness employees following a Categorical use of force incident.

**PROCEDURE:**

**I. OBTAINING A PUBLIC SAFETY STATEMENT.** A supervisor in charge of a Categorical use of force scene shall obtain sufficient information to conduct his/her duties at the scene (e.g., establishing a perimeter, protecting the crime scene, locating witnesses/evidence, managing the response of additional resources, etc.). A public safety statement shall be obtained from as many employees as necessary for the supervisor to immediately determine:

- \* Type of force used;
- \* Direction and approximate number of any shots fired by the involved employee(s) and/or suspect(s), if applicable;
- \* Location of injured persons, including those in need of medical attention, if any;
- \* Description of outstanding suspect(s) and his/her direction(s) of travel, time elapsed since the suspect was last seen, and any suspect weapon(s);
- \* Description and location of any known victims or witnesses;

- \* Description and location of any known evidence; and,
- \* Other information as necessary to ensure officer and public safety and assist in the apprehension of outstanding suspect(s).

After obtaining sufficient information, the supervisor shall immediately cause the individual separation of involved/witness employees and order them not to discuss the incident with anyone other than the assigned investigators and the employee's representative(s).

**Note:** Supervisors involved in the separation, transportation, and monitoring of an involved/witness employee following a Categorical use of force incident shall not discuss tactics with that employee.

**II. DOCUMENTING THE SEPARATION, TRANSPORTATION, AND MONITORING OF EMPLOYEES.** The actions of each Department employee involved in the separation, transportation, and monitoring of employees will be critically evaluated at every Use of Force Review Board.

**A. Incident Commander responsibility.** After a public safety statement has been obtained and all public safety concerns have been addressed (e.g., establishing a perimeter, protecting the crime scene, locating witnesses/evidence, managing the response of additional resources, etc.), the incident commander shall:

- \* Ensure that supervisors transport previously separated involved/witness employees individually to the location of interview as soon as practicable (If the incident occurs outside the city, an outside law enforcement agency's facility may be used). Separation shall remain in effect until the employee is interviewed by Critical Incident Investigation Division (CIID);

**Exception:** An involved/witness employee may remain at the scene to identify possible suspects. If this occurs, a supervisor shall accompany the employee at all times.

- \* Utilize all supervisory resources available as necessary (e.g., from vice, Gang Enforcement Details, detectives, supervisors from adjacent Areas) to transport and monitor involved/witness

employees individually to eliminate the possibility of contaminating their statements prior to their interview by CIID; and,

- \* Ensure that the welfare of each involved/witness employee is addressed.

If logistical problems preclude individual separation of employees (e.g., the number of involved/witness employees exceeds the number of available supervisors), the incident commander shall determine the necessity for deviation from Department procedure set forth in this Order. Any deviation shall be documented and justified in the incident commander's daily log (i.e., the Watch Commander's Daily Report, Form 15.80, or the Supervisor's Daily Report, Form 15.48.0, as applicable).

**B. Supervisor's Responsibility.** Any supervisor involved in the separation, transportation, and monitoring of involved/witness employees following a Categorical use of force incident shall advise the incident commander of his/her actions and document them on a Sergeant's Daily Report. Such documentation shall include:

- \* Date, time, and location the supervisor transported and/or monitored the employee;
- \* Verification that separation of the employee was maintained before, during, and after he/she was transported to the location of interview; and,
- \* Specific setting where the employee was monitored (prior to interview) at the location of interview.

Each involved supervisor shall provide the watch commander with a copy of his/her Supervisor's Daily Report as soon practicable.

**C. Watch Commander's Responsibility.** In the event that the on-duty watch commander is not acting as the incident commander, the watch commander shall maintain overall accountability for documenting details of the separation, transportation and monitoring of each involved/witness employee. This information shall be recorded on the Watch Commander's Daily Report as follows:

- \* Date and time each involved/witness employee was transported for interview and by whom;

May 22, 2003

- \* Name of all supervisor(s) involved in the monitoring of involved/witness employee(s);
- \* Deviations from Department procedure, if any; and,
- \* Any other information of potential interest to CIID investigators (e.g., employee was transported to a non-Department facility, a change in personnel monitoring an involved/witness employee due to change of watch, etc.)

Any deviation from procedures as set forth in this Order shall be addressed in the Watch Commander's Daily Report.

**Note:** A copy of the Watch Commander's Daily Report and all applicable Sergeant's Daily Reports shall be provided to CIID as soon as practicable.

**AMENDMENTS:** This Order adds Section 3/794.37 and 4/202.20 to the Department Manual.

**AUDIT RESPONSIBILITY:** The Commanding Officer, Consent Decree Bureau, shall monitor compliance with this directive in accordance with Department Manual Section 0/080.30.

**June 24, 2003**

**SUBJECT: GANG ENFORCEMENT DETAIL-SUPERVISOR'S DAILY REPORT,  
FORM 15.49.0 - ACTIVATED**

**PURPOSE:** As mandated by a federal Consent Decree, the Department has agreed to provide increased supervisorial oversight and accountability for units primarily responsible for addressing gang activity. To that end, this Order activates the Gang Enforcement Detail-Supervisor's Daily Report, Form 15.49.0, to track and record the daily activities of each Area's Gang Enforcement Detail (formerly Special Enforcement Units).

As part of the Department's effort to address gang activity and narcotics trafficking within the City of Los Angeles, Gang Impact Teams (GIT) have been implemented in each of the Department's 18 geographic Areas. The GITs are comprised of several specialized details, including the Gang Enforcement Detail (GED), which operates as GIT's uniformed component. The procedures set forth in this Order apply to GED units only.

**PROCEDURE:**

**I. GANG ENFORCEMENT DETAIL-SUPERVISOR'S DAILY REPORT, FORM 15.49.0 - ACTIVATED.** The Gang Enforcement Detail-Supervisor's Daily Report (GED Daily Report), Form 15.49.0, is hereby activated.

**A. Use of Form.** Assigned supervisors shall use this form to document the daily activities of an Area's GED.

**Note:** Unless specifically tasked with supervisory duties for a GED, bureau gang coordinators or other non-GED supervisory personnel are not required to complete this form.

**B. Completion - General.** All boxes at the top of the GED Daily Report are self-explanatory and shall be completed as directed. The "Available Field Time" box shall indicate the total amount of time the supervisor was available to respond to requests and perform proactive supervisory duties.

**C. Completion - Specific.** The following guidelines are provided to coincide with each numbered entry on the GED Daily Report:

1. **Name/rank/serial no. of the watch commander provided with a copy of the GED's Daily Work Sheet.** Document the name, rank, and serial number of the watch commander who was provided with a copy of the Daily Work Sheet, Form 15.26, prepared for that Area's GED.
2. **Name/rank/serial no. of the watch commander briefed on planned GED activities.** Document the name, rank, and serial number of the watch commander who was briefed on the GED's planned activities for the day.
  - a. **What are the unit's mission/activities and/or problem-solving strategies for the day?** Describe any missions, activities, and/or problem-solving strategies planned for the day (e.g., search warrant service, directed patrol, etc.).
  - b. **What were the results?** Describe the outcome of the day's mission/activity/strategy for that day (e.g., arrests, citations, field interviews, etc.).
3. **Were all GED officers in Class A or Class C uniforms?** If the answer is no, explain why and document the name, rank, and serial number of the staff/command officer approving the exception.
4. **Were all GED units deployed in black and white police vehicles?** If the answer is no, explain why and document the name, rank and serial number of the staff/command officer approving the exception.

**Note:** Only staff/command officers within that GED's chain of command shall have authority to approve exceptions. Approval may be obtained telephonically, in which case the signature of the approving authority shall be obtained on the GED Daily Report as soon as practicable. In exigent circumstances, approval may also be obtained from the Chief's Duty Officer (telephonic approval is acceptable).

5. **Did the GED attend a scheduled patrol roll call? If not, name/rank/serial no. of the watch commander in attendance at the GED roll call.** Sworn personnel assigned to the GED shall attend regularly scheduled patrol roll calls. If operational needs preclude this, the on-duty watch commander shall attend the GED's roll call for that day to ensure the exchange of critical information with the GED.
6. **Watch commander notified of GED's end of watch.** The on-duty watch commander notified when the GED goes end of watch shall sign and date the GED Daily Report.

- D. Completing the Narrative.** Under the narrative portion of the form (Page 2), supervisors shall summarize the day's events to include any incidents involving uses of force, officer-involved shootings, search warrants, pursuits, and injuries. Entries should also include type of report(s) taken, Division of Records Number (DR) issued, and booking number(s), if available. Entries may be brief and do not require a complete restatement of the facts.

Additionally, supervisors should reference any administrative tasks assigned, non gang-related assignments performed, unusual incidents, and specific supervisory oversight provided in the field. Supervisors should identify what GED missions, activities and/or problem-solving strategies were coordinated with other Area supervisors, if any.

- E. Distribution.** All completed GED Daily Reports shall be submitted to the Area's GIT officer in charge (OIC). Upon review and approval by both the GIT OIC and the Area commanding officer, the form shall be distributed as follows:
