Commissioners,

For item 3A, LAPD wants to accept \$833K from the Department of Justice (DOJ) for "Collaborative Approaches Towards Preventing and Addressing Hate Crime." LAPD's frequent research partner, Justice and Security Strategies (JSS), will also receive funding for this project. The project claims it will "address anti-Asian hate crime" by creating numerous working groups and sub-working groups, increasing data collection and analysis, and increasing investigations and prosecution of anti-Asian hate crimes. Looking more closely, we see the working group that LAPD and JSS want to create will be composed mostly of cops, representatives from JSS, and representatives from "community-based organizations" including two Business Improvement Districts (BIDs) in the downtown area, as well as one member of LAPD's Community Policing Advisory Board (CPAB).

Of note is that George Yu of Chinatown BID and Ellen Endo of Little Tokyo BID will be part of the working group, both of whom have been called out by local community groups for contributing to gentrification in Chinatown and Little Tokyo, failing to support local businesses, and failing to comply with the California Records Act in producing records of their actions to frustrate the formation by Skid Row residents of an independent neighborhood council in Skid Row.

With this grant, we see a continued focus on increased surveillance, increased data gathering, and the lie of community policing being brought together under the guise of decreasing anti-Asian hate crimes. Funded by federal dollars, the program will

pay cops overtime for their participation. Overseeing the research and data gathering is JSS, who implemented the predatory Operation LASER predictive policing program in Los Angeles, which was shut down due to its racism and harm.

We demand a defunding of LAPD! No more grant money for surveillance and policing, when the community needs services, homes, permanent housing, access to health care, access to schools! We demand an investment in services and in communities to let people stay in their homes and their neighborhoods, and have the resources they need. Defund LAPD.

In addition: Decrease Moore's time in Police Commission meetings and open up public comment, with no restrictions on the number of speakers, and no 45-minute time limit. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

Signed,

Jennifer Tooley

Commissioners,

This week in asking you to look under the hood of who is donating money to LAPD and what they are actually buying. Can you stand by these requests when you know that we've funded these reforms over and over with no discernable change in the officers receiving these trainings? Did you know that the city let half of our CARES money go

to paying police overtime payroll rather than providing services to suffering Angelenos during a pandemic?

For item 3A, LAPD wants to accept \$833K from the Department of Justice (DOJ) for "Collaborative Approaches Towards Preventing and Addressing Hate Crime." LAPD's frequent research partner, Justice and Security Strategies (JSS), will also receive funding for this project. Commissioners,

As an Asian person, I take full offense to this proposal. It has been heartbreaking to watch my fellow people be frightened to walk outside and to be beaten down and sometimes killed in public. However, I do strongly believe that more money for LAPD is not the answer. I do not trust LAPD to de-escalate these events from happening. We should be focusing on preventing these crimes and putting more money into education about Asian American history, supporting Asian American businesses, and getting more public support for our Asian American citizens. Do not use our race as a buffer to support your militarized agenda.

For item 3A, LAPD wants to accept \$833K from the Department of Justice (DOJ) for "Collaborative Approaches Towards Preventing and Addressing Hate Crime." LAPD's frequent research partner, Justice and Security Strategies (JSS), will also receive funding for this project. The project claims it will "address anti-Asian hate crime" by creating numerous working groups and sub-working groups, increasing data collection and analysis, and increasing investigations and prosecution of anti-Asian hate crimes. ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Commissioners,

For item 3A, LAPD wants to accept \$833K from the Department of Justice (DOJ) for “Collaborative Approaches Towards Preventing and Addressing Hate Crime.” LAPD’s frequent research partner, Justice and Security Strategies (JSS), will also receive funding for this project. The project claims it will “address anti-Asian hate crime” by creating numerous working groups and sub-working groups, increasing data collection and analysis, and increasing investigations and prosecution of anti-Asian hate crimes. Looking more closely, we see the working group that LAPD and JSS want to create will be composed mostly of cops, representatives from JSS, and representatives from “community-based organizations” including two Business Improvement Districts (BIDs) in the downtown area, as well as one member of LAPD’s Community Policing Advisory Board (CPAB).

Of note is that George Yu of Chinatown BID and Ellen Endo of Little Tokyo BID will be part of the working group, both of whom have been called out by local community groups for contributing to gentrification in Chinatown and Little Tokyo, failing to support local businesses, and failing to comply with the California Records Act in

producing records of their actions to frustrate the formation by Skid Row residents of an independent neighborhood council in Skid Row.

With this grant, we see a continued focus on increased surveillance, increased data gathering, and the lie of community policing being brought together under the guise of decreasing anti-Asian hate crimes. Funded by federal dollars, the program will pay cops overtime for their participation. Overseeing the research and data gathering is JSS, who implemented the predatory Operation LASER predictive policing program in Los Angeles, which was shut down due to its racism and harm.

We demand a defunding of LAPD! No more grant money for surveillance and policing, when the community needs services, homes, permanent housing, access to health care, access to schools! We demand an investment in services and in communities to let people stay in their homes and their neighborhoods, and have the resources they need. Defund LAPD.

In addition: Decrease Moore's time in Police Commission meetings and open up public comment, with no restrictions on the number of speakers, and no 45-minute time limit. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

Signed,

Jayne Kusyk

Looking more closely, we see the working group that LAPD and JSS want to create will be composed mostly of cops, representatives from JSS, and representatives from “community-based organizations” including two Business Improvement Districts (BIDs) in the downtown area, as well as one member of LAPD’s Community Policing Advisory Board (CPAB).

Of note is that George Yu of Chinatown BID and Ellen Endo of Little Tokyo BID will be part of the working group, both of whom have been called out by local community groups for contributing to gentrification in Chinatown and Little Tokyo, failing to support local businesses, and failing to comply with the California Records Act in producing records of their actions to frustrate the formation by Skid Row residents of an independent neighborhood council in Skid Row.

With this grant, we see a continued focus on increased surveillance, increased data gathering, and the lie of community policing being brought together under the guise of decreasing anti-Asian hate crimes. Funded by federal dollars, the program will pay cops overtime for their participation. Overseeing the research and data gathering is JSS, who implemented the predatory Operation LASER predictive policing program in Los Angeles, which was shut down due to its racism and harm.

We demand a defunding of LAPD! No more grant money for surveillance and policing, when the community needs services, homes, permanent housing, access to health care, access to schools! We demand an investment in services and in communities to let people stay in their homes and their neighborhoods, and have the resources they need. Defund LAPD.

In addition: Decrease Moore’s time in Police Commission meetings and open up public comment, with no restrictions on the number of speakers, and no 45-minute time limit. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

Signed,

Harrison Weinfeld

ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

Dear Board of Commissioners and City Council Members:

As a citizen of Los Angeles District 11 I'm writing to submit public comments to the LAPC Meeting.

Agenda Item 3A

LAPD wants to accept \$833K from the Department of Justice (DOJ) for "Collaborative Approaches Towards Preventing and Addressing Hate Crime." LAPD's frequent research partner, Justice and Security Strategies (JSS), will also receive funding for this project. The project claims it will "address anti-Asian hate crime" by creating numerous working groups and sub-working groups, increasing data collection and analysis, and increasing investigations and prosecution of anti-Asian hate crimes. Looking more closely, we see the working group that LAPD and JSS want to create will be composed mostly of cops, representatives from JSS, and representatives from "community-based organizations" including two Business Improvement Districts (BIDs) in the downtown area, as well as one member of LAPD's Community Policing Advisory Board (CPAB).

Of note is that George Yu of Chinatown BID and Ellen Endo of Little Tokyo BID will be part of the working group, both of whom have been called out by local community groups for contributing to gentrification in Chinatown and Little Tokyo, failing to support local businesses, and failing to comply with the California Records Act in producing records of their actions to frustrate the formation by Skid Row residents of an independent neighborhood council in Skid Row.

With this grant, we see a continued focus on increased surveillance, increased data gathering, and the lie of community policing being brought together under the guise of decreasing anti-Asian hate crimes. Funded by federal dollars, the program will pay cops overtime for their participation. Overseeing the research and data gathering is JSS, who implemented the predatory Operation LASER predictive policing program in Los Angeles, which was shut down due to its racism and harm.

We demand a defunding of LAPD! No more grant money for surveillance and policing, when the community needs services, homes, permanent housing, access to health care, access to schools! We demand an investment in services and in communities to let people stay in their homes and their neighborhoods, and have the resources they need. Defund LAPD.

General Public Comment: Public Comment Limitations

Stop capping your meetings' public comment period at a mere forty-five minutes. You give 45 minutes for public comment from a city of 4 million people. Despite your weekly protestations to the contrary, you are silencing the voices of Angelenos by limiting who can speak at your meetings, and for how long.

Let people speak after each agenda item; the other way doesn't make sense.

Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

General Public Comment: LAPC Meeting Time

Why are these meetings held at the same time as City Council and Board of Supervisor meetings? Can we please change the meeting time so more people can participate in the meetings?

Sincerely,

Sarah Bowers

Commissioners,

For item 3A, LAPD wants to accept \$833K from the Department of Justice (DOJ) for "Collaborative Approaches Towards Preventing and Addressing Hate Crime." LAPD's frequent research partner, Justice and Security Strategies (JSS), will also receive funding for this project. The project claims it will "address anti-Asian hate crime"

by creating numerous working groups and sub-working groups, increasing data collection and analysis, and increasing investigations and prosecution of anti-Asian hate crimes. Looking more closely, we see the working group that LAPD and JSS want to create will be composed mostly of cops, representatives from JSS, and representatives from "community-based organizations" including two Business Improvement Districts (BIDs) in the downtown area, as well as one member of LAPD's Community Policing Advisory Board (CPAB).

Of note is that George Yu of Chinatown BID and Ellen Endo of Little Tokyo BID will be part of the working group, both of whom have been called out by local community groups for contributing to gentrification in Chinatown and Little Tokyo, failing to support local businesses, and failing to comply with the California Records Act in producing records of their actions to frustrate the formation by Skid Row residents of an independent neighborhood council in Skid Row.

As a neighbor and community member of Chinatown, this is a farce of an act to increase more funding toward groups who despise the unhoused community seeking permanent shelter. George Yu uses his private security to call cops to harass the unhoused merely seeking to survive, and we're not even talking about the Anti-Asian hate that's happening throughout Chinatown with the harassment and threats of eviction from slumlords. If you truly cared about the Asian and Asian-American community in Los Angeles, we would see more divestment from the LAPD budget to other departments desperately in need of funds and resources--such as Truly Affordable Housing and Education. Chinatown doesn't have a fully functioning hospital NOR a fully-serviced market.

With this grant, we see a continued focus on increased surveillance, increased data gathering, and the lie of community policing being brought together under the guise of decreasing anti-Asian hate crimes. Funded by federal dollars, the program will pay cops overtime for their participation. Overseeing the research and data gathering is JSS, who implemented the predatory Operation LASER predictive policing program in Los Angeles, which was shut down due to its racism and harm.

We demand a defunding of LAPD! No more grant money for surveillance and policing, when the community needs services, homes, permanent housing, access to health care, access to schools! We demand an investment in services and in communities to let people stay in their homes and their neighborhoods, and have the resources they need. Defund LAPD.

In addition: Decrease Moore's time in Police Commission meetings and open up public comment, with no restrictions on the number of speakers, and no 45-minute time

limit. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

Signed,

Kris Chan

Subject: Public Comment - Item 3A - 4/4/2022

ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.

To our commissioners,

Although in item 3A, the proposal denotes the intention to allocate \$833K from DOJ for "Collaborative Approaches towards preventing and addressing hate crime", unfortunately the working group this plans to create would be comprised of members that would not be from groups able to make positive change in this area nor prioritize harm reduction. While it is deeply important to prioritize community needs and reduce hate crimes - this group must not move forward in its current form.

This group would be comprised largely of cops, representatives from JSS (A frequent partner and supporter for LAPD research) and members from LAPD Community Policing Advisory Board and community based organizations that have been called out by local community groups for failing to support local businesses, communities and failing to comply with the California Records Act.

With this grant, we see a continued focus on increased surveillance, increased data gathering, and the lie of community policing being brought together under the guise of decreasing anti-Asian hate crimes. Funded by federal dollars, the program will pay cops overtime for their participation. Overseeing the research and data gathering is JSS, who implemented the predatory Operation LASER predictive policing program in Los Angeles, which was shut down due to its racism and harm.

No on 3A. No more grant money for policing and surveillance. Our community needs permanent housing, mental health care services, access to schools and education services. We do to reduce our investment in LAPD and instead dedicate resources to community resources that truly benefit the community.

Thank you,

Emily Michel Ford

Commissioners,

For item 3A, LAPD wants to accept \$833K from the Department of Justice (DOJ) for "Collaborative Approaches Towards Preventing and Addressing Hate Crime." LAPD's frequent research partner, Justice and Security Strategies (JSS), will also receive funding for this project. The project claims it will "address anti-Asian hate crime" by creating numerous working groups and sub-working groups, increasing data collection and analysis, and increasing investigations and prosecution of anti-Asian hate crimes. Looking more closely, we see the working group that LAPD and JSS want to create will be composed mostly of cops, representatives from JSS, and representatives from "community-based organizations" including two Business Improvement Districts (BIDs) in the downtown area, as well as one member of LAPD's Community Policing Advisory Board (CPAB).

Of note is that George Yu of Chinatown BID and Ellen Endo of Little Tokyo BID will be part of the working group, both of whom have been called out by local community groups for contributing to gentrification in Chinatown and Little Tokyo, failing to support local businesses, and failing to comply with the California Records Act in producing records of their actions to frustrate the formation by Skid Row residents of an independent neighborhood council in Skid Row.

With this grant, we see a continued focus on increased surveillance, increased data gathering, and the lie of community policing being brought together under the guise of decreasing anti-Asian hate crimes. Funded by federal dollars, the program will pay cops overtime for their participation. Overseeing the research and data gathering is JSS, who implemented the predatory Operation LASER predictive policing program in Los Angeles, which was shut down due to its racism and harm.

We demand a defunding of LAPD! No more grant money for surveillance and policing, when the community needs services, homes, permanent housing, access to health care, access to schools! We demand an investment in services and in communities to let people stay in their homes and their neighborhoods, and have the resources they need. Defund LAPD.

In addition: Decrease Moore's time in Police Commission meetings and open up public comment, with no restrictions on the number of speakers, and no 45-minute time limit. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

Signed,

Funded by federal dollars, the program will pay cops overtime for their participation. Overseeing the research and data gathering is JSS, who implemented the predatory Operation LASER predictive policing program in Los Angeles, which was shut down due to its racism and harm. As an Asian American person, I can confidently say that I and many in the AAPI community in Los Angeles oppose addressing the rise in anti-Asian hate through policing, incarceration, and surveillance, and would prefer that this hate be addressed through education, community organizing, and systems of care and transformative justice. As a Japanese American, our community has experienced directly the way that state surveillance and incarceration only creates a lasting legacy of trauma, and we know that the way to end hatred is not through policing and surveillance.

We demand a defunding of LAPD! No more grant money for surveillance and policing, when the community needs services, homes, permanent housing, access to health care, access to schools! We demand an investment in services and in communities to let people stay in their homes and their neighborhoods, and have the resources they need. Defund LAPD.
