Commissioners:

While no one appreciates when you repeatedly cancel Commission meetings, it's notable that you're meeting the day after Juneteenth, a city and federally recognized holiday. The Commission's Executive Director Richard Tefank has previously stated it "has been the practice after a City Holiday there is no meeting."

On this week's agenda, nearly \$140,000 for a tech upgrade (presumably) to 1 of 17 LAPD helicopters. The report attached to the agenda of course says nothing specific about it. All too often, technology "upgrades" are implemented through LA Police Foundation "donations" and then in the following year(s), are rolled into the ever expanding LAPD budget. We see you and reject this.

Another donation for "CCD geolocation devices" are, according to the report in the agenda, meant to "**monitor movement related to complex criminal activity.**" Oh, right... that. LAPD's use of surveillance should be reined in and dismantled, not expanded through obtuse consent agenda items that the "oversight" board won't discuss or question. I reject this and all donations to the LAPD. As Steve Soboroff wraps up his 2 decades on the board of the Weingart Foundation and 10 years on the board of Police Commissioners, the extent of the damage done by the donations he's helped facilitate through Weingart, [and repeatedly lie about his role in](#), is immeasurable.

I reject the LAPD trying to expand their reach into communities most vulnerable and most harmed by LAPD and policing generally. Instead of reframing and reforming the ways LAPD attack our communities, the LAPD budget should be torn apart and reallocated in ways that actually create real community safety, that isn't attached to threat of violence or punishment. Modes of actual safety that aren't tied to the violence of policing and occupation.

Finally, remove the limitations on public comment. Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

Thank you from a concerned citizen,

Kevin King

Commissioners:

Though typically your repeated cancellation of Commission meetings is unwelcome and unproductive, today is a federally recognized holiday observance of Juneteenth, a city and federally recognized holiday and despite this you have a meeting. The Commission's Executive Director Richard Tefank has previously stated it "has been the practice after a City Holiday there is no meeting" and of all holidays to observe, it is not lost on your community that you would ignore a holiday celebrating freedom for Black folks, and the end of slavery which of course we also know was the foundation of modern policing. This sends a disrespectful but consistent message to your constituents that the rights and concerns of minoritized individuals in your community continue to be overlooked.

On this week's agenda, nearly \$140,000 for a tech upgrade (presumably) to 1 of 17 LAPD helicopters. The report attached to the agenda of course says nothing specific about it. All too often, technology "upgrades" are implemented through LA Police Foundation "donations" and then in the following year(s), are rolled into the ever expanding LAPD budget. We reject this wasteful and deceptive allocation.

Another donation for "CCD geolocation devices" are, according to the report in the agenda, meant to "**monitor movement related to complex criminal activity.**" We again urge that LAPD's use of surveillance should be reined in and dismantled, not expanded through obtuse consent agenda items that the "oversight" board does not discuss or question. As Steve Soboroff wraps up his 2 decades on the board of the Weingart Foundation and 10 years on the board of Police

**Subject:** Public Comment BOPC 6/20/2022. BE SPECIFIC, BE ACCOUNTABLE!!

**ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.**

Happy Juneteenth!

This holiday, while relatively new for Los Angeles, can teach us a lot about history. The LAPD, and the role of government, and its terrible history with slavery, protecting property of the wealthy, and policing people's behavior- people who are vulnerable to police abuse are the poor, the struggling, the LGBTQIA population, and minorities.

This week's agenda, includes budget items, gifts, and broad general power to the LAPD that I reject and hope this commission will question, rather than blindly consent to.

One item on the agenda is almost \$140,000 for a tech upgrade (presumably) to 1 of 17 LAPD helicopters.

The report attached to the agenda outlines nothing specific about it. All too often, technology "upgrades" are implemented through LA Police Foundation "donations" and then in the following year(s), are rolled into the ever expanding LAPD budget. THIS IS NOT OVERSIGHT, and as the Police Commission, it is actually your job to make note of this.

Another donation for "CCD geolocation devices" are, according to the report in the agenda, meant to **"monitor movement related to complex criminal activity."**

"Complex Criminal activity" is so general. I would hope that this would raise concern with your OVERSIGHT- and for you to begin to question the LAPD to be as specific as possible. Are people criminals first? then spied on? and then subject to the law? WHO gets surveillance? Who are criminals? Who are suspects? Unfortunately, the lack of oversight begins RIGHT HERE with the police commission, that gives blanket consent to the police to spy on some citizens it suspects, but

not others. AND none of it is SPECIFIC to the public, except when the costs come in.. and the death count.

LAPD's BROAD, RACIST, and PROBLEMATIC USE and BLIND ABUSE of power, under the name of "SURVEILLANCE" needs to be specific and the LAPD needs to be ACCOUNTABLE, and this COMMISSION is required to have OVERSIGHT.

I reject the practice of blind donations being gifted to the LAPD. As Steve Soboroff wraps up his 2 decades on the board of the Weingart Foundation and 10 years on the board of Police Commissioners, the extent of the damage done by the donations he's helped facilitate through Weingart, [and repeatedly lie about his role in](#), is immeasurable.

I reject the LAPD trying to expand their reach into communities most vulnerable and most harmed by LAPD and policing generally. Commissioners:

While nobody appreciates when you repeatedly cancel Commission meetings, it's notable that the day after Juneteenth, a city and federally recognized holiday, you are meeting. The Commission's Executive Director Richard Tefank has previously stated it "has been the practice after a City Holiday there is no meeting." So which is it?

Anyway, on this week's agenda, nearly \$140,000 for a tech upgrade (presumably) to 1 of 17 LAPD helicopters. The report attached to the agenda of course says nothing specific about it. All too often, technology "upgrades" are implemented through LA Police Foundation "donations" and then in the following year(s), are rolled into the ever expanding LAPD budget. We see you and reject this.

Another donation for "CCD geolocation devices" are, according to the report in the agenda, meant to "monitor movement related to complex criminal activity." Oh, right... that. Nearly \$140,000 for a tech upgrade (presumably) to 1 of 17 LAPD helicopters is on this week's agenda. Unsurprisingly, the report attached to the agenda says nothing specific about it. All too often, technology "upgrades" are implemented through LA Police Foundation "donations" and then in the following year(s), are rolled into the ever expanding LAPD budget. We see what you're doing here and reject this.

There's also a donation for "CCD geolocation devices," which, according to the report in the agenda, are meant to "monitor movement related to complex criminal activity." LAPD's use of surveillance should be reined in and dismantled, not expanded through obtuse consent agenda items that the "oversight" board won't discuss or question. I reject this and all donations to the LAPD. As Steve Soboroff wraps up his 2 decades on the board of the Weingart Foundation and 10 years on the board of Police Commissioners, the extent of the damage done by the donations he's helped facilitate through Weingart- and repeatedly lied about his role in- is immeasurable.

I reject the LAPD's efforts to expand their reach into communities most vulnerable and most harmed by LAPD and policing generally. Instead of reframing and reforming the ways LAPD attack our communities, the LAPD budget should be torn apart and reallocated in ways that actually create real community safety, that isn't attached to threat of violence or punishment. While nobody appreciates when you repeatedly cancel Commission meetings, it's notable that the day after Juneteenth, a city and federally recognized holiday, you are meeting. The Commission's Executive Director Richard Tefank has previously stated it "has been the practice after a City Holiday there is no meeting." So which is it?

Anyway, on this week's agenda, nearly \$140,000 for a tech upgrade (presumably) to 1 of 17 LAPD helicopters. The report attached to the agenda of course says nothing specific about it. All too often, technology "upgrades" are implemented through LA Police Foundation "donations" and then in the following year(s), are rolled into the ever expanding LAPD budget. We see you and reject this.

Another donation for "CCD geolocation devices" are, according to the report in the agenda, meant to "**monitor movement related to complex criminal activity.**" Oh, right... that. LAPD's use of surveillance should be reined in and dismantled, not expanded through obtuse consent agenda items that the "oversight" board won't discuss or question. I reject this and all donations to the LAPD. As Steve Soboroff wraps up his 2 decades on the board of the Weingart Foundation and 10 years on the board of Police Commissioners, the extent of the damage done by the donations he's helped facilitate through Weingart, [and repeatedly lie about his role in](#), is immeasurable.

I reject the LAPD trying to expand their reach into communities most vulnerable and most harmed by LAPD and policing generally. Instead of reframing and reforming the ways LAPD attack our communities, the LAPD budget should be torn apart and reallocated in ways that actually create real community safety, that isn't attached to threat of violence or punishment. Modes of actual safety that aren't tied to the violence of policing and occupation.

Finally, remove the limitations on public comment! Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

Gregory Irwin

Commissioners:

You are pathetic flunkies in service to a tragically broken instrument of state-sponsored violence, and the sad thing is that you think you're doing some kind of high-flown civic service by joining in a rousing chorus of congratulation the Chief what a great job he did at the Summit of the Americas. Just as you are on the wrong side of history in life, may you be joined in (the Christian conception of) Hell in the afterlife.

Commissioners:

While nobody appreciates when you repeatedly cancel Commission meetings, it's notable that the day after Juneteenth, a city and federally recognized holiday, you are meeting. The Commission's Executive Director Richard Tefank has previously stated it "has been the practice after a City Holiday there is no meeting." So which is it?

Anyway, on this week's agenda, nearly \$140,000 for a tech upgrade (presumably) to 1 of 17 LAPD helicopters. The report attached to the agenda of course says nothing specific about it. All too often, technology "upgrades" are implemented through LA Police Foundation "donations" and then in the following year(s), are rolled into the ever expanding LAPD budget. We see you and reject this.

Another donation for "CCD geolocation devices" are, according to the report in the agenda, meant to "**monitor movement related to complex criminal activity.**" Oh, right... that. LAPD's use of surveillance should be reined in and dismantled, not expanded through obtuse consent agenda items that the "oversight" board won't discuss or question. I reject this and all donations to the LAPD. As Steve Soboroff wraps up his 2 decades on the board of the Weingart Foundation and 10 years on the board of Police Commissioners, the extent of the damage done by the donations he's helped facilitate through Weingart, [and repeatedly lie about his role in](#), is immeasurable.

I reject the LAPD trying to expand their reach into communities most vulnerable and most harmed by LAPD and policing generally. Instead of reframing and reforming the ways LAPD attack our communities, the LAPD budget should be torn apart and reallocated in ways that actually create real community safety, that isn't attached to threat of violence or punishment. Modes of actual safety that aren't tied to the violence of policing and occupation.

Finally, remove the limitations on public comment! Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

Signed,

The Commission's Executive Director Richard Tefank has previously stated it "has been the practice after a City Holiday there is no meeting." So which is it?

Anyway, on this week's agenda is the approval of nearly \$140,000 for a tech upgrade (presumably) for one of seventeen LAPD helicopters. The report attached to the agenda says nothing specific about this expense or its need or benefits. All too often, technology "upgrades" are implemented through LA Police Foundation "donations" and then, in the following year(s), are rolled into the ever-expanding LAPD budget. I recognize this is an occurrence of this sleight-of-hand budget expansion and ask you to reject this expense.

Another donation for "CCD geolocation devices" are, according to the report in the agenda, meant to "**monitor movement related to complex criminal activity.**" LAPD's use of surveillance should be reined in and dismantled, not expanded through obtuse consent agenda items that the "oversight" board won't discuss or question. I reject the LAPD trying to expand their reach into communities most vulnerable and most harmed by LAPD and policing. Instead of reframing and reforming the ways LAPD attacks our communities, the LAPD budget should be torn apart and reallocated in ways that truly create safer communities, that aren't attached to the threat of violence or punishment. **ATTENTION: This email originated outside of LAPD. Do not click on links or open attachments unless you recognize the sender and know the content is safe.**

Dear Board of Commissioners and City Council Members:

As a citizen of Los Angeles District 10 (changed address) I'm writing to submit public comments to the LA Police Commission meeting. I'm also cc-ing my city council member since the commission continuously fails to hold LAPD accountable.

**Public Comment: Meeting After Juneteenth Holiday**

You repeatedly cancel Commission meetings, it's notable that the day after Juneteenth, a city and federally recognized holiday, you are meeting. The Commission's Executive Director Richard Tefank has previously stated it "has been the practice after a City Holiday there is no meeting." So which is it?

**Agenda Item 3A**

Nearly \$140,000 for a tech upgrade (presumably) to 1 of 17 LAPD helicopters. The report attached to the agenda of course says nothing specific about it. All too often, technology "upgrades" are implemented through LA Police Foundation "donations" and then in the following year(s), are rolled into the ever expanding LAPD budget. We see you and reject this.

**Agenda Item 3B**

Donations for "CCD geolocation devices" are, according to the report in the agenda, meant to "monitor movement related to complex criminal activity." LAPD's use of surveillance should be reined in and dismantled, not expanded through obtuse consent agenda items that the "oversight" board won't discuss or question. I reject this and all donations to the LAPD. As Steve Soboroff wraps up his 2 decades on the board of the Weingart Foundation and 10 years on the board of Police Commissioners, the extent of the damage done by the donations he's helped facilitate through Weingart, and repeatedly lie about his role in, is immeasurable.

I reject the LAPD trying to expand their reach into communities most vulnerable and most harmed by LAPD and policing generally. Instead of reframing and reforming the ways LAPD attacks our communities, the LAPD budget should be torn apart and reallocated in ways that actually create real community safety, that isn't attached to threat of violence or punishment. Modes of actual safety that aren't tied to the violence of policing and occupation.

**General Public Comment: Public Comment Limitations**

Finally, remove the limitations on public comment! Members of the communities most affected by policing are by far the most knowledgeable about the real-world effects of the matters before the board, and about LAPD in their neighborhoods, and you need to hear what they have to say.

**General Public Comment: LAPC Meeting Time**

Why are these meetings held at the same time as City Council and Board of Supervisor meetings? Can we please change the meeting time so more people can participate in the meetings?

Sincerely,  
Sarah Bowers
