040. DIVISION OF RECORDS NUMBERS.

040.14 GENERAL INFORMATION. The Division of Records (DR) number is the official file number of the Department, and may be referred to as a DR number. Division of Records numbers shall consist of the last two digits of the year followed by a seven digit number. The first two digits of the seven digit number shall indicate the Area of occurrence identification number followed by five numbers arranged consecutively and issued in numerical order. The Network Communications System (NECS) will automatically generate a DR number based on the Consolidated Crime Analysis Database (CCAD) data input by the records unit. When issuing DR numbers, the Area of occurrence identification number will be determined by the Reporting District (RD) of the location of occurrence.

Note: Courtesy Reports for outside law enforcement agencies shall contain the digits “99” within the Area of occurrence DR identification number and the digits “9999” within the Area of occurrence RD identification number.

Division of Records numbers are also generated by Records and Identification Division personnel assigned to the Special Records Distribution Unit and the Vehicle Warrant Section.

The Special Enforcement Section, Detective Support & Vice Division, maintains a register of Vice Report, Form 03.18.00, DR numbers, for manual issuance, allocated for vice.
040.28 EMPLOYEE RESPONSIBILITIES FOR OBTAINING DIVISION OF RECORDS NUMBERS. Each Department employee completing a report requiring the use of a DR number shall secure and record that number upon the report and any related report.

Exception: When a DR number cannot be obtained through the Consolidated Crime Analysis Database (CCAD), DR numbers may be manually issued by the Area of occurrence Records Unit. Area Records Units shall determine, on an individual basis, the necessity for manually issuing DR numbers and shall maintain a log of numbers issued. When the CCAS becomes available, DR numbers shall be inputted by the Area Records Unit and Records and Identification Division personnel.

Manually issued DR numbers shall be issued from the sequential series of Area DR numbers. The set of numbers to be issued manually shall be determined annually by Information Technology Bureau. This set of numbers shall normally be a block of numbers assigned to the Area's sequential series.

If the situation does not involve an arrest, multiple DR numbers, or the need for the services of Forensic Science Division and/or Technical Investigation Division, a supervisor may, at the supervisor's discretion, approve a completed report without an assigned DR number.

040.30 ACCESS TO THE CONSOLIDATED CRIME ANALYSIS DATABASE. Only those employees authorized by their commanding officer shall be allowed access to the Consolidated Crime Analysis Database (CCAD) for data input.

040.42 PROCEDURE FOR OBTAINING. When a Division of Records (DR) number is requested, the requesting employee, upon receiving the DR number, must write the DR number in the designated space on the concerned report and repeat the number to the issuing employee to ensure no error has been made in transcription. When a DR number is obtained for a Vehicle Investigation or a report concerning a lost, stolen or found license plate, the requesting employee must obtain the name or serial number of the issuing employee and the time of the request for inclusion in the report.

Note: At the time a DR number is obtained all required information must be entered into the Consolidated Crime Analysis Database (CCAD).

DR Number-Non-Booked Arrestees. A DR number in lieu of a booking number must be obtained for the following types of arrests:

- Immediate cash bail out; or,
- Release from Custody (RFC) when no booking number is required.

A separate DR number must be obtained for connecting crime, property or traffic reports and placed in the appropriate DR number boxes.
Officer's Responsibilities. An officer processing a non-booked arrestee must obtain a DR number for the arrestee. The number must be entered as follows:

- Arrest Report "booking number" box.
- Non-Traffic Notice to Appear (RFC), Form 05.02.02, in the "Arrest DR No." box (located next to the "Day of the Week" box at the top of the form); and,
- Other reports enter or cross reference as though the number was a booking number (this DR number must not be placed in the DR number space of any Department form).

Area Records Unit Responsibility. Whenever an RFC Report is involved, records personnel issuing any type of DR number must be responsible for entering the following information into the CCAD:

- Arresting Officer's serial number;
- In the "AICC" field, the number "60" followed by the appropriate two digit "AICC" code;
- In the "Party" field, all appropriate party information; and,
- The suspect's last name, first name, and middle initial.

DR Number-484 Penal Code RFC-Related. When processing Penal Code (PC) Section 484 RFC-related reports, Area Records Unit personnel must do the following (if applicable):

- Obtain an arrest DR number for the Non-Traffic Notice to Appear, Form 05.02.02, using the Arrest Report CCAD Option 23 and 25 (PARR) screen in the Network Communication Systems (NECS);
- Obtain an additional DR number for the investigation Report (IR), Form No. 03.01.00, using the preliminary Investigation Report CCAD Option 1 (PPIR) screen in the NECS;
- Cross reference the DR numbers and process the reports using established distribution procedures, as outlined in the Department Manual; and,
- Ensure the IR and RFC are stand-alone documents numbered chronologically.

Note: The IR and the RFC must both be numbered as the first page of the arrest packet.

040.56 ISSUANCE OF DIVISION OF RECORDS NUMBERS. Division of Records (DR) numbers will be issued automatically in sequential order by Area of occurrence. When a report of any type has been assigned a DR number and other reports of related incidents are made, they shall bear the DR number of the initial report.

Exception:

- When more than one vehicle is stolen, each requires a separate DR number (Department Manual Section 5/180-16);

• When more than one traffic collision occurs, each requires a separate DR number (Form Use CHP 555);
• When more than one burglary occurs, each requires a separate DR number (see Form Use 03.01.00A-10 for exceptions);
• A separate Property Report bearing a separate DR number shall be made for each license plate or set of license plates booked (Form Use 10.01.00-16);
• When a DR number is issued to a non-booked arrestee, a separate DR number shall be obtained for the connecting crime, property, or traffic reports; or,
• When completing a Forgery and/or Identity Theft report, each victim of a forgery requires a separate report and a separate DR number. Only one report with one DR number is required for multiple documents that are connected by the same account (or identifying number) to the same victim.

040.60 LOCATION FOR OBTAINING DIVISION OR RECORDS NUMBERS. Division of Records (DR) numbers shall be obtained from the following locations:

• Stolen Recovered/Impounded or Lost Vehicle/Boat, or License Plate:
  o Vehicle Warrant Section, Records and Identification Division.

Note: The Area Records Unit issues DR numbers for certain impounded passenger vehicles and non-commercial trucks only. Division of Records numbers issued by the Vehicle Warrant Section, Records and Identification Division, will be computer-generated DR numbers following the number sequence of the Area of occurrence.
