LAPD BOPC, Chief Choi, LAPD, and Mayor Bass,

When something is done correctly, a job well done must be conveyed. In the top of LAPD's website [LAPDONLINE.ORG](https://www.lapdonline.org), it reads "Fathers Day 2024" and has a great video attached to it.

This is a major improvement from the previous message about Pride.

In a world where the evil is trying to destroy the Nuclear Family, LAPD has done an excellent job highlighting family values and having a father in a child's life.

God Bless all the Fathers and Mothers.

God Bless the LAPD

Respectfully,
Philip Tabbi

LAPD BOPC, Chief Choi, the LAPD and all citizens,

Pride cometh before the fall and how the once great LAPD continues to fall. Two weeks ago we, the people, were subjected to item 5A on the agenda, a "LGBTQ+" presentation. Then last meeting Chief Choi had to inform us that he had marched in a "Pride" parade. This city is in a crisis of crime and yet valuable resources and time are being wasted on promoting a progressive pride homosexualist agenda? This is the pride of sin manifesting itself as we, the people continue to suffer public disorder and the rise of criminal behavior!

A member of the public attempted to read scripture from Romans in response to the pride agenda and his time was terminated by Police Commission President Erroll Southers. That was a clear violation of his freedom of speech and an act of hubris by Southers that was anti-God and anti-Christian. Once again the Police Commission demonstrates that certain groups are recognized and approved and others are not.

On the subject of communication has anyone notice that the Community Input survey on the qualities of the Chief of Police is expired and has been since 6/7/24? Additionally the survey was only provided in English, Spanish, Chinese, Tagalog, and presumably Armenian. Why were those languages selected for representation and not others? Where are the links for Korean, Japanese, Thai, and all the other languages spoken in our cities? Again, certain identities and communities are recognized and others are not. This is discrimination and intolerable!

The LAPD BOPC is supposed to be the voice of the public in police affairs. What were the results of the surveys in numbers and percentages?

Its time for the LAPD to stop celebrating pride and with humility start protecting and serving All People professionally and respectfully. Thank you to the officers who protect and serve and do the job the right way!

For the BOPC I suggest you read the Book of Proverbs and take a dose of humility and start listening to and representing the common good with common sense!

Respectfully
Steve Reilly
