LAPD Police Commissioners,

Pride is a Sin and cometh before the fall. Promoting a sexual identity agenda shows just how far the once mighty and respected LAPD has fallen. While we are all sinners, we should not be celebrating sin but repenting. The mission of the LAPD is to protect and serve which it does in a myriad of ways, hopefully in an impartial and professional way. Los Angeles and the LAPD is in crisis and yet you have time for a presentation on "Pride" which is a sexual identity agenda that should not be promoted or celebrated by the LAPD or public service in any form.

Pride can be positive when it is the pride of a job well done. "Pride" as it is being presented at the Police Commission is an inappropriate narcissistic celebration of private sexual identities that no is asking or concerned about. Stop dwelling on identity politics and just do the job impartially and professionally and feel results of positive pride!

June is dedicated to the Sacred Heart of Jesus! No Jesus, No Peace! Know Jesus, Know Peace!

God Love and Bless You All,

Steve Reilly
