

# **COMMUNITY POLICING ADVISORY**

## **BOARD 09/24/2025**

This meeting was at Central Station as well as on Zoom. Start time of 1005hours.

### **Captain III Kelly Muniz Introduction:**

-Captain Muniz has been in central for approx. 1 month and she is focusing on the quality of life issues. Central used to have more resources i.e. bike units, more foot beat officers, special enforcement units, however that is not currently what we are working with.

-In order to fill those holes we had a budget for overtime to supplement these specialized units. However, NOW, that overtime budget is no longer in place.

-Central is doing our best to use the command and number of officers that we have. Crime stats are down so we are trying to keep that momentum going.

-Captain Muniz's goal is to get the business owners, residents and all who come to downtown feel safe. DTLA should be a place where people come from all over to experience the great diversity of restaurants, entertainment, and hospitality that downtown has to offer.

-It is the job of Central Division to ensure these qualities of life and safety issues.
