B. GROUP DISCUSSION: The Four Basic Firearm Safety Rules

Purpose: To review the Four Basic Safety Rules by causing the student to think about and consider their importance and application on the range as well as in the field.

Procedures: Large group discussion **(PSP I c)**

1. Conduct an open discussion that will cause the student to review and think about the importance of the Four Basic Firearm Safety Rules
 - a. All guns are always loaded.
 - b. Never allow the muzzle to cover anything you are not willing to shoot.
 - c. Keep your finger off the trigger until your sights are aligned on the target and you intend to shoot.
 - d. Be sure of your target
2. Point out that these rules apply to tactical situations and exercises such as unintentionally covering of an officer, building searches and car stops
3. Consider asking the class questions about the application of the Four Basic Firearms Safety Rules and solicit their responses. Use the following examples or some of your own.
 - a. Which of the Four Basic Firearm Safety Rules:
 - do you think is the most important one and why?
 - is most violated on the range the most and why?
 - is most violated in the field the most and why?
 - is most violated in the home the most and why?
 - b. Reinforce that the range safety rules apply at home and in the field as well

C. GROUP DISCUSSION: Sequence of Marksmanship **(PSP I d)**

Purpose: Review the three elements of marksmanship in sequence as a mental checklist and a requirement to reliably, accurately and quickly fire the semi-auto pistol

Procedures: Conduct an open discussion, addressing the key points related to the proper sequence of marksmanship: Grip, Trigger finger placement, Sight picture. Advise students that these skills will be incorporated in the slow fire drills

1. Grip – two aspects or components
 - a. The proper placement of both hands on the pistol
 - b. The amount of tension or pressure applied by the hands to the handgun
 - 1) Low-ready grip tension (40-50%)
 - 2) Firing grip tension (80-90%)
 - 3) Must acquire the proper grip tension on the pistol before firing and must maintain a consistent grip tension while firing
 - 4) A proper firing grip tension will promote the following:
 - Proper pistol functioning and reliability

- b) Time allows for the possibility to utilize less lethal options
 - c) Knives do have the capability to cause serious bodily injury or death
 - d) Knives often constitute a deadly force situation
 - 3) Other reasons for non-compliance by the individuals **(117c)**
 - a) Language barriers
 - b) Disabilities
 - 4) Critical points **(112)**
 - When communicating with individuals always be aware of cover, concealment and distance
 - Distance from the threat equates to time to react to the threat
 - The goal of the use of force is to gain control of the individual
 - Consideration should be given to the possibility that the officers may encounter persons with mental illness or persons displaying symptoms of mental illness and who may be incapable of understanding commands and are non-responsive
 - Failure to follow police directions during an episode is most likely not a deliberate act of defiance
 - Emphasis should be placed on the need to attempt to de-escalate situations involving persons with mental illness when the opportunity presents itself. This, in no way, implies that officers should not utilize force to protect themselves or others when reasonable.
- b. Policy/Legal Issues **(117e)** **(PSP I h)**
- 1) Drawing of the firearm³
 - a) Based on the tactical situation and the officer's reasonable belief that the situation may escalate to the point where deadly force may be justified
 - b) Once the risk no longer presents itself the officer shall, as soon as practical, holster or secure the firearm
 - 2) Using Force⁴
 - a) Law enforcement officers are authorized to use deadly force to:
 - (1) Protect themselves or others from what is reasonably believed to be an imminent threat of death or serious bodily injury; or,
 - (2) Prevent a crime where the subject's actions place person(s) in imminent jeopardy of death or serious bodily injury; or
 - (3) Prevent the escape of a violent fleeing felon when there is probable cause to believe the escape will pose a significant threat of death or serious bodily injury to the officer or others if apprehension is delayed. In this circumstance, officers shall, to the extent practical, avoid using deadly force that might
