Crisis Response

CALL 911

When your family is experiencing an emergency that puts yourself, your loved one, and/or the public in immediate danger, call 911.

While speaking to the 911 dispatcher use the **911 Checklist** to provide helpful information to the responding Officers.

LAPD will send a patrol unit to stabilize the crisis and detain the loved one for a mental health evaluation. During the detention officers will likely handcuff the loved one for everyone's safety and because it is LAPD's policy.

"Statistics show that when officers handcuff a person who is in crisis, the application of force by officers is significantly reduced."

When the scene is stabilized, a Systemwide Mental Assessment Response Team (SMART) unit will respond, if available, to provide mental health assistance.

Mental Health Emergency

CALL ACCESS (800)854-7771

When you call ACCESS a Psychiatric Mobile Response Team (PMRT) will respond, if available, to your location.

ACCESS is a Department of Mental Health service for all members of the Los Angeles County community.

What is a GVRO?

The Gun Violence Restraining Order (GVRO) is a law that allows family members, household members, some employers, colleagues, teachers, and law enforcement to work with courts to temporarily remove guns and prevent the purchase of new guns by individuals who pose a significant risk of harm to themselves or others. The media and some organizations sometimes refer to the GVRO and similar laws as so-called "Red Flag Laws".

What is a 5150 Hold?

During a mental health crisis, officers/clinicians will detain the subject to determine if he/she meets the criteria for a 5150 WIC application for a 72-hour hold. Subjects will be assessed for the danger they pose to themselves, danger they pose to others, and for grave disability. The officer's determination will be based on physical evidence, the subject's history, the subject's statements, and reliable witness statements.
