

LOS ANGELES POLICE DEPARTMENT
Motorcycle Personnel Reintegration Training
CUR Code # SP519
Expanded Course Outline

Instructional Goal: To re-familiarize the student with an understanding of basic police motorcycle riding: focusing on safety and proper motorcycle / control manipulation after an extended absence from riding OR as directed by the officers Commanding Officer for riding that is deemed needing additional observation and instruction.

Performance Objectives: Students will demonstrate proper riding techniques that were taught in Basic Motorcycle School. The following concepts will be reviewed and demonstrated:

- Understand the proper inspection of Police Motorcycles
- Understand proper braking application
- Understand proper riding techniques on surface streets and freeways

- **References:** Instructors, Supervisors and Divisional Training Coordinators shall ensure that references are utilized listed in Footnotes.
